

**1.4.1. Structured feedback for curriculum and its transaction is regularly obtained from stakeholders like Students, Teachers, Employers, Alumni, Academic peers etc., and Feedback processes of the institution may be classified as follows:**

1. Kindly provide the at least 5 feedback forms from each stake holder.

At least 5 feedback forms from each stake holder are presented from **Page Number 2 to 35.**

2. Provide the analysis of the feedback forms along with the action taken on the same page for example feedback-analysis-action taken.

The analysis of the feedback forms along with the action taken on the same page for example feedback-analysis-action taken is presented from **Page Number 36 to 102.**

3. Provide the landing page of the website for the feedback forms analysis and action taken report .

The landing page of the website for the feedback forms analysis and action taken report is presented in **Page Number 103.**

<b>1.4.1</b>	<b>Findings of DVV</b>	<b>Response of HEI presented in Page Nos.</b>
<b>1</b>	Feedback Forms	
	(i) Students	2-8
	(ii) Teachers	9-16
	(iii) Employers	17-26
	(iv) Alumni	27-35
<b>2</b>	Feedback Analysis & Action Taken	36-102
	(i) Feedback Analysis	36-75
	(ii) Feedback Action Taken	76-102
<b>3</b>	The landing page of the website	103

IQAC Satisfaction Survey for Employer

(On Curriculum, Course, Teaching-Learning and Evaluation)

Dear Employer,

Many Graduates from GCT are already working in your organization. We are thankful to you for providing them employment with your esteemed organization. We appreciate if you can spare your valuable time to fill up this feedback form. It will help us improve the institute further and provide you better employees in future.

S. No.	Description	Strongly Agree	Agree	Neutral	Disagree	Strongly disagree
1	The technical knowledge of the students is good	✓				
2	The curriculum and syllabus provide sufficient knowledge in the area of study	✓				
3	The students are able to work as part of the team	✓				
4	The students maintain cordial relation with peers and seniors	✓				
5	Communication skills of the students are good	✓				
6	Students have the required managerial/ leadership qualities	✓				
7	Students volunteer to get into new initiatives taken up by the industry	✓				
8	Students contribute substantially to the growth of the industry	✓				
9	Students align themselves to the demanding needs of the company	✓				
10	The curriculum and non-curriculum initiatives taken up by GCT has helped the students to attain the required competency level	✓				
11	Students have the ability to learn industrial practices fast and mould themselves into the stream	✓				

Any other points to improve the student quality:

## FEEDBACK FROM INDUSTRY ACADEMIA

Name : Dr.J.S.SUDARSAN

Name of the Institution : NICMAR University, Pune  
Maharashtra ,India

The following comments / suggestions are given for revising Curriculum 2022.

### THEORY COURSES:

- Courses relevant to Sustainability, Green Construction, Industry 4.0 like 3D Printing, IoT in construction, Robotics in construction AR and VR technologies in building industry etc may be offered.  
More exposure in usage of software which could be given as assignments for the courses may be introduced.
- Design and Detailing with quantity estimation and bar bending Schedule of concrete structures and steel structures may be given more focus. It can be given as value added course separately.
- Case based discussion in all the courses needs to be adopted. Students may be encouraged to do projects in green building and carbon footprints.
- Tutorial and hands on training with software tools can be added as one component in Environmental engineering courses
- For construction Technology course, students may be asked to submit a case study with photos about the construction features of a building by observing a real construction site during various stages of construction. For which students may be instructed to choose site or sites of their own choice and they have to visit and observe the stages of construction.
- Internship must be given more importance and students are encouraged to go for more internship at least three during course period.
- More emphasize must be given for model and start up especially interdisciplinary projects with other departments.

### PRACTICAL COURSES:

In Practical courses the following three types of experiments could be included to enhance knowledge of fast learners and to motivate average students:

- o Experiments that cover advanced topics like AR & VR etc.,
- o Regional/Local problems can be chosen and Open-ended Experiments.
- Students may be informed to complete at least two or three experiments that cover the advanced topics in each laboratory.
- Open-ended Experiments could be assigned by the faculty or the students may choose an experiment on their own to be completed in the laboratory.

### INDUSTRIAL VISITS/CONSTRUCTION SITE VISITS:

Students should have a knowledge on practical exposure during construction. More number of site visits should be given by the respective course faculty.

With Regards,  
  
Program Director Energy and Environment

NICMAR University, Pune

### FEEDBACK FROM INDUSTRY

Name : Er. BA. Kanna Chockkalingam  
Name of the industry : Rithanya Constructions, 400 Bharathiyar Road  
New Siddhapudur, Coimbatore - 44

The following comments / suggestions are given for revising Curriculum 2022.

#### THEORY COURSES:

- Courses relevant to Industry 4.0 like 3D Printing, IoT in construction, Robotics in construction AR and VR technologies in building industry etc may be offered.
- Project based courses and laboratory embedded theory components are to be offered
- More exposure in usage of software which could be given as assignments for the courses may be introduced.
- Design and Detailing of concrete structures and steel structures may be given more focus. It can be given as value added course separately.
- NDT Techniques with hands on experience is of much needed in industry. Value added course on this topic could be offered.
- Students may be encouraged to do projects in green building and carbon footprints.
- For construction Technology course, students may be asked to submit a case study with photos about the construction features of a building by observing a real construction site during various stages of construction. For which students may be instructed to choose site or sites of their own choice and they have to visit and observe the stages of construction.

Engineers & Contractors

## PRACTICAL COURSES:

In Practical courses the following three types of experiments could be included to enhance knowledge of fast learners and to motivate average students:

- o Experiments in the prescribed syllabus.
  - o Experiments that cover advanced topics.
  - o Open-ended Experiments.
- All the experiments in the prescribed syllabus are to be compulsorily followed and completed by the end of the semester.
  - Students may be informed to complete at least two or three experiments that cover the advanced topics in each laboratory.
  - Open-ended Experiments could be assigned by the faculty or the students may choose an experiment on their own to be completed in the laboratory.

## INDUSTRIAL VISITS/CONSTRUCTION SITE VISITS:

Students should have a knowledge on practical exposure during construction. More number of site visits should be given by the respective course faculty.

For RITHANYA CONSTRUCTIONS

Proprietor

# Alumni Feedback Forms

**IQAC Feedback Form / Satisfaction Survey for Alumni**  
(On Curriculum, Course, Teaching-Learning and Evaluation)

Dear Alumnus,

The Internal Quality Assurance Cell seeks your valuable feedback for enhancing the quality of education at Govt College of Technology.

Name : **SATHYA PRIYANN**

Mobile number & email ID: **9629247899 & Sathyapriyankann@gmail.com**

Year of Admission: **2016**

Name of the programme studied: **B.E. - CSE**

Present Designation and Work Profile: **Team member, Robert Bosch**

S. No.	Descriptor	Strongly agree	Agree	Neutral	Disagree	Strongly disagree
1	The curriculum and syllabus content were appropriate for my placement / higher education	✓				
2	Sufficient number of co-curricular activities were arranged during my study period	✓				
3	The institute-industry tie ups were useful for me	✓				
4	The institute / faculty helped me in placement / higher education	✓				
5	The institute offers sufficient scholarships to merit students and deserving students	✓				
6	The learning ambience at the institute is good	✓				
7	The institute provides sufficient opportunity to participate in extracurricular activities	✓				
8	The curriculum accommodates courses with experiential learning (hands-on)	✓				
9	All the academic processes of the institute is transparent	✓				
10	The institute is student-centric in all its academic initiatives	✓

# Action Taken Report

GOVERNMENT COLLEGE OF TECHNOLOGY, COIMBATORE - 13

DEPARTMENT OF CIVIL ENGINEERING

FEED BACK ANALYSIS – 2018 R

Sl.No.	Feed back	Feed back obtained from	Action Taken
1	The course Python programming is helping for placement and doing interdisciplinary projects.	Student , Industry expert	Python programming has been offered as Open Electives.
2	Industry need based electives must be included.	Industry expert	Industry need based courses has been offered through NM scheme (MS fundamentals, High rise buildings & Design and construction of steel buildings).
3	Allotment of mentor from industry for project works	Industry expert	Co-guide from industries was allotted for 10 batches and students were sent to industries for projects.
4	Need of Structural Analysis laboratory	Academic Peer	Structural Analysis lab has been introduced / developed.
5	Separate practical course for Highway lab	Academic Peer	Transportation lab has been introduced separately.
6	Practical course "Estimation and costing" can be taken as theory course	Academic Peer	Theory course "Engineering Economics, Estimation and Costing" has been introduced.
7	Awareness about sustainability may be given by electives / projects	Academic Peer	Elective course "Sustainable Engineering and Technology" has been introduced.
8	More importance for Internship	Alumni, student	Internship for 4 weeks as mandatory
9	To enhance soft skills, more co-curricular / extra curricular activities are essential.	Student, Industry expert	Mandatory Activity points have been introduced.
10	online course (NPTEL) can be taken as mandate	student	Credit transfer is introduced for online courses.
11	Students must aware of facilities of dept.	student	Induction programme has been introduced.
12	Communication skill training for foreign languages.	Industry expert	Training on foreign languages has been given.

*R.M. 2/12/20*

Head of the Department / Civil

GOVERNMENT COLLEGE OF TECHNOLOGY, COIMBATORE - 13

DEPARTMENT OF CIVIL ENGINEERING

FEED BACK ANALYSIS – 2018 A

Sl.No.	Feed back	Feed back obtained from	Action Taken
1	The course “Building Information Modelling” may be offered.	student	Building Information Modelling has been included in verticals
2	IoT in construction and Robotics in construction may be offered.	Academic peer, Industry expert	IoT in construction & Modern equipments in construction has been introduced as verticals.
3	More importance for industrial training to acquire practical knowledge	Student	Four weeks of Internship is retained and credit has been introduced.
4	Specialisation in specific domain may be considered for students.	Student	Honours and minor degree has been introduced.
5	Interdisciplinary courses may be provided.	Industry expert	An interdisciplinary project has been introduced.

*R. Manoj* 2/12/23

Head of the Department / Civil

GOVERNMENT COLLEGE OF TECHNOLOGY, COIMBATORE - 13

DEPARTMENT OF CIVIL ENGINEERING

FEED BACK ANALYSIS – 2022R

Sl.No.	Feed back	Feed back obtained from	Action Taken
1	Provide more practical hours for practical courses	Industry expert, student	“Engineering Exploration” and “Lateral thinking and Design thinking” has been introduced.
2	Practical classes for language	Alumni	Practical course for language “Cambridge English” has been introduced.
3	Required Training students for GATE exams	student	Training has been given for GATE exams.
4	Field knowledge is required.	student	Internship is retained.
5	Participation in national level technical competitions	student	Students are motivated to participate in Smart India Hackathon by conducting internal Hackathon through ED Cell.
	Require more employability skill based courses / Software oriented courses	Alumni	Industry based value added coursed has been included (E Tabs, Primavera, Revit & 3D printing Technology).

Head of the Department / Civil

**DEPARTMENT OF CSE.**  
**Feedback Analysis**  
**2018 R**

S.No	Feedback Received	Feedback Received from	Action Taken
1	Need for more industry exposure for students	Student	The optional 4 week internship programme in 2016 Regulation is made mandate in 2018 Regulation
2	Requirement for societal and ethical responsibilities among students.	Alumni	Additional Activity points are introduced in 2018 Regulation. The student should earn 100 activity points before he/ she appears for his/ her final examinations.
3	More co-curricular and extra curricular activities required to improve soft skills	Students	Additional Activity Points introduced in 2018R
4	Need for Self Study / Online courses	Alumni, Student	Online Credit Transfer (SWAYAM Courses) is introduced for all elective courses.
5	Requirement for interdisciplinary Open electives across Departments	Employer	Interdisciplinary Open Electives were introduced in the 2018 Regulation enabling the student to take up courses across Departments
6	Need for transparency in Assessment procedure	Student	Answer script review by the students in 2016R is retained in 2018R also
7	Awareness of the facilities and environment of the department & college	Student	Induction Programme is introduced in 2018R

2018a R

S.No	Feedback Received	Feedback Received from	Action Taken
1	Require more employability skill based courses	Employer	Value added courses are introduced. The 2018a Regulation introduced Naan Muthalvan courses focusing on the nine thrust areas of AICTE
2	Need for more specialized professional elective courses	Student	Four verticals are introduced in 2018 a Regulation. Specialized electives and minor degree programme is introduced Honors / Minor degree introduced.
3	Interdisciplinary projects to improve professional learning skills	Student and Alumni	From 2021 admitted batch of students, the 2018 Regulation supports students to take up interdisciplinary projects across Departments

2022 R

S.No	Feedback Received	Feedback Received from	Action Taken
1	Change in course content of the course 22SPC408 Design and Analysis	Dr.K.Veningston, Alumni and member of BoS	The topic 'Randomization Techniques' of the course 22SPC408 Design and Analysis in 2022 Regulation is retained.
2	Need for a course in object oriented programming at the 2 <sup>nd</sup> year of UG programme	Student	Theory cum Practical course on 'Object Oriented Programming' is introduced in 2022 Regulation
3	Design and analysis of algorithm course content seems to be too heavy	Faculty	The syllabus is retained
4	Need for the course 'Theory of Computation' to prepare for competitive examinations	Student	, the course 22SPC513 Theory of Computation is retained in 2022 Regulation. The need for the topic 'mealy and moore machine' was identified by the students. The same was incorporated in the syllabus.
5	Inclusion of CDIO courses	Academic Peer	CDIO Courses introduced
6	Social activities to be imparted to students seamlessly integrated in their period of study	Alumni	(EPIC) Engineering Projects in Community Service is introduced
7	Requirement for the course Foundations of Data Science	Ms.Rekha, Walmart, Employer	The course on 22SPC303 Foundations of Data Science is introduced in 2022 Regulation

**HOD**

**DEPARTMENT OF PRODUCTION ENGINEERING  
ACTION TAKEN REPORT  
2018 REGULATIONS**

1.	Credit was increased for tutorial period 1 tutorial period - 1 credit
2.	Total Credits are reduced from 182 to 165
3.	Four weeks internship was made as mandatory for getting degree.
4.	21 days induction program was introduced as mandatory for first year students.
5.	Mandatory courses (Constitution of India EVS) were introduced.
6.	Skill development on industrial practices / technical projects - 18PEE508 was newly introduced for fifth semester students.
7.	Additive Manufacturing subjects was moved from professional elective to core
8.	Industry based subjects (Smart manufacturing Investment casting, Electronics Manufacturing Technology) were introduced in professional electives
9.	Mini Project was shifted from sixth semester to seventh semester
10.	Number of open elective subjects was increased from 3 to 4
11.	Python programming - theory and lab courses were newly introduced to second semester students.
12.	Naan Mudhalvan courses were introduced as mandatory value added courses.

  
(Dr. A. SASIKUMAR)  
Programme Coordinator

**DEPARTMENT OF PRODUCTION ENGINEERING  
ACTION TAKEN REPORT  
2018A REGULATIONS**

1.	Four verticals (Automation, Produce design and Development, Manufacturing processes and concepts, and industrial engineering and quality control) were introduced.
2.	Industrial processing in manufacturing and modern control technology were newly introduced under vertical automation
3.	Introduction to composite materials and industrial economics were newly introduced under vertical - product design and development.
4.	Surface engineering and tribology was newly introduced under vertical - manufacturing processes and concepts
5.	Industrial safety Engineering was newly introduced under vertical - industrial engineering and quality control.

*Dr. A. S. Kumar*  
(D. A. S. KUMAR)  
Programme Coordinator

**DEPARTMENT OF PRODUCTION ENGINEERING  
ACTION TAKEN REPORT  
2022 REGULATIONS**

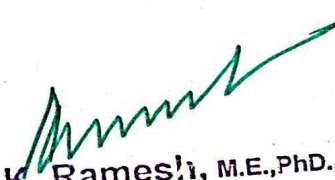

1.	Heritage of Tamils and Tamils and Technology subjects have been introduced in first and second semester respectively
2.	Values and ethics subject has been introduced in first semester
3.	Engineering Exploration lab has been newly introduced in fourth semester
4.	Process planning and cost Estimation - theory subject has been introduced in fourth semester.
5.	CNC Technology subject has been moved from professional Elective to professional core in fourth semester.

*Dr. A. Sasi Kumar*  
(Dr. A. SASIKUMAR)  
Programme Coordinator

**DEPARTMENT OF MECHANICAL ENGINEERING  
ACTION TAKEN REPORT  
2018 REGULATIONS**

1.	Since industry exploration is essential, Internship / Industry training is made mandatory (min 4 weeks max 6 weeks)
2.	5 verticals are introduced for getting BE with Minor / specialisation degree.
3.	NM Course are introduced as VA Courses
4.	Protosem courses introduced.

  
**Dr. K. Ramesh, M.E., Ph.D.,**  
Professor and Head  
Dept. of Mechanical Engineering  
Govt. College of Technology  
Coimbatore - 641 013.

**DEPARTMENT OF MECHANICAL ENGINEERING  
ACTION TAKEN REPORT  
2018A REGULATIONS**

1.	To encourage the students, to acquire inter disciplinary knowledge a flexibility in awarding extra courses may be introduced.
2.	An industry based value added course added.

  
**Dr. K. Ramesh, M.E., Ph.D.,**  
Professor and Head  
Dept. of Mechanical Engineering  
Govt. College of Technology  
Coimbatore - 641 013.

**DEPARTMENT OF MECHANICAL ENGINEERING  
ACTION TAKEN REPORT  
2022 REGULATIONS**

1.	In compliance with latest technology a major change in the syllabi of materials Engineering Course is recommended.
2.	To inculcate the explorative behaviour of student, a practical course on Engineering exploration involving the topics on inter disciplinary mechanism to be added.
3.	In order to introduce cutting edge technology, in Mechanical Engineering curriculum a practical course on automation may be introduced.

  
**Dr. K. Ramesh, M.E., Ph.D.,**  
Professor and Head  
Dept. of Mechanical Engineering  
Govt. College of Technology  
Coimbatore - 641 013.

**DEPARTMENT OF ELECTRONICS AND INSTRUMENTATION ENGINEERING  
ACTION TAKEN REPORT  
2018 REGULATIONS**

1.	Internship made mandatory in 2018 regulation. Since the feedback was received from students, alumni and industry expert as "To increase the industry exposure"
2.	As per the feedback obtained from BOS experts to introduce new course like computer control of process the two courses Industrial Instrumentation I & II were merged as a single course Industrial Instrumentation
3	To upgrade with latest developments in Energy Harvesting, the concerned subject was modified with 60% content change as per the suggestion given by BOS experts.
4	To adhere with AICTE model curriculum and to create awareness among students, 18NBS302 Biology for Engineer, 18NMC4Z7 constitution of India, were introduced in 2018 regulation.

  
Head of the Department  
Electronics & Instrumentation Engg.  
Government College of Technology  
Coimbatore - 641 013.

**DEPARTMENT OF ELECTRONICS AND INSTRUMENTATION ENGINEERING  
ACTION TAKEN REPORT  
2018A REGULATIONS**

1.	To cater the research thrust of the students in core domain 6 exclusive courses were introduced in vertical I advanced control.
2.	To enhance the knowledge in Industrial application, vertical II applied instrumentation and vertical - III Health care Instrumentation with 6 courses in each, were included.
3.	To upgrade the students with current industrial trends, vertical IV industrial Automation with 6 courses is offered.

Head of the Department  
Electronics & Instrumentation Engg.  
Government College of Technology  
Coimbatore - 641 013.

**DEPARTMENT OF ELECTRONICS AND INSTRUMENTATION ENGINEERING  
ACTION TAKEN REPORT  
2022 REGULATIONS**

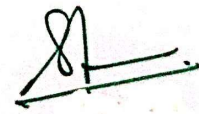

1.	To adhere with NEP 2020 policy, 22NHS1Z1 Heritage of Tamils 22NHS2Z4 Tamils & Technology were offered as an exposure to regional language.
2.	To overcome the technology gap and the feedback received from passed out students, 22NBS408 Fourier series and Transform Calculus was included with all Transforms
3.	To inculcate basic interest design and critical thinking in students and to initiate OBE based learning, 22NES307 Engineering Exploration was included in the 2022 syllabus.

Head of the Department  
Electronics & Instrumentation Engg.  
Government College of Technology  
Coimbatore - 641 013.

**DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING  
FEEDBACK ANALYSIS AND ACTION TAKEN REPORT**

I	Feedback Received from Students	ACTION TAKEN		IMPACT
1	Content of syllabi needs enhancement interms of quality	<p>16LES302 - Circuit Theory was replaced by 18LPC306 Network Theory in III Semester.</p> <p>16LPC602 - Embedded System Design was replaced by 18LPE609 - Embedded Systems in VI semester.</p> <p>16LEE707 - microwave RF &amp; Optical Laboratory was replaced by 18LPC707 - Microwave &amp; Antenna Lab.</p>	<p>Knowledge on Two - port network analysis is enhanced.</p> <p>Knowledge on embedded in C is enhanced.</p> <p>More emphasis is given on the design of antenna.</p>	<p>This was followed by course - incharge and efforts are effective.</p> <p>Motivated to do projects in IOT (Real time projects)</p> <p>More students are motivated to carry out the antenna design projects.</p>
2	Applicability / relevance of curriculum in real life situations.	2016 Regulation 1. Mandatory courses - Management Theory & science humanities and Practice courses	2018 Regulation Constitution of India (18LMC4Z7) Professional Ethics (18LHS601) Youth Empowerment for yoga Practice (18LHS501)	Due to this, Curriculum change, ethical practice and Social awareness was improved.

**Dr. C. SANTHI**  
Head of the Department  
Electronics and Communication Engineering,  
Government College of Technology,  
Coimbatore - 641 013.

II	Feedback from faculty members	Action Taken	Impact
1.	Suggested that syllabi should be need based.	1 Industrial Internship 2. Activity Points 3. Industrial Visit	Exposure of the students to industrial needs. Project based learning to suits the societal needs were explored.
III	Feedback from Employers	Action Taken	Impact
	1. Suggestion to give more exposure on general communication skills leadership qualities.	Technologically feasible & innovative research models developed by students to exhibit in Tech-Expo 2022 at GCT, Cbe conducted by IIC	Several Programs were conducted to motivate the students. The students gained knowledge to develop & present prototype model and projects ideas in Hackathon.
	2. Suggestion to promote work environment for team work.	Experiential project based learning is introduced in curriculum	Team work & industry needs were addressed.
IV	Feedback from Alumni	Action Taken	Impact
	1. More exposure to field visits in curriculum	Industrial Internship & Industrial visit made mandatory in curriculum	The students has scaled up their knowledge in recent technologies & trends in industries.
	2. Evidence based practical demonstration	Intra department association activities are organised and project models are displayed.	Students were motivated to solve the real time problem.
V	Feedback from professionals	Action Taken	Impact
	1. Students & Teaching faculties should be technosary	Online courses in current trends were introduced.	Students & faculties are technically updated.
	2. need more exams for formative assessment	GATE, UPSC, IES, TNPSC, CAT, MAT, Students were trained in the above competitive exam	Student have attempted to write more competitive exams.

  
**Dr. C.SANTHI**  
 Head of the Department  
 Electronics and Communication Engineering,  
 Government College of Technology,  
 Coimbatore - 641 013.

**DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING  
ACTION TAKEN REPORT  
2018 REGULATION**

1	I SEM - Physics syllabus framed as per AICTE model curriculum and syllabi	
2	Removed Thermal Engineering and Fluid Mechanics theory and practical	
3	Mini Project introduced in VII Sem which was in VI Sem of 2016R.	
4	"Control Engineering & Simulation Lab" and "Advanced Measurements Lab" are merged into "Measurements and Control Systems Lab"	
5	Total No. of PE increased from 24 to 26	
6	OE - 2 to 3 EEC - 03 MC - 02 VAL (One credit) - 10	are included in 2018R
7	2 Industry based Electives are introduced 1) Electronic Circuit Design 2) Electronic System Design & Productisation	
8	Industry management & Economics course is revised and reframed as "Technology Managements.	
9	Business Communication skill theory is introduced.	
10	Probability and Applied Statistics""Principles of Signals and Systems" are introduced.	
11	Internship / Industry Training is made mandatory.	

  
 DR. N. NARMADHA  
 Programme Coordinator/EEE

**DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING  
ACTION TAKEN REPORT  
2018A REGULATION**

1	Five vertical courses have been introduced to get B.E Honours (across the verticals), B.E Honours with specialization (any one vertical), B.E Minor degree opted by other discipline student.
2	Naan Mudalvan Courses are introduced as value added courses.
3	Protosem courses are introduced.

*N. N. Narmadhai*  
DR. N. NARMADHAI  
Programme Coordinator  
EEE

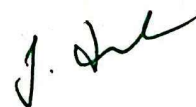

**DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING**  
**ACTION TAKEN REPORT**  
**2022 REGULATION**

1	With respect to Technology learning through regional language Tamil courses have been introduced as per the direction of Anna University, Chennai.
2	"Elective Vehicle" is moved as PC from PE List.
3	"DDPs" is replaced as "Data Structure" as per student's feedback.
4	Practical component is introduced in Electrical and Electronics Measurement PC Courses.
5	To introduce CDIO courses, Engineering Exploration in IV Sem, Lateral and Design Thinking in VI Sem are included.
6	Engineering Project in community services is introduced as EEC.

*N.N. Naradhai*  
DR. N. NARADHAI  
Programme Coordinator  
EEE

**DEPARTMENT OF IBT  
FEEDBACK ANALYSIS AND ACTION TAKEN REPORT  
2018 REGULATION**

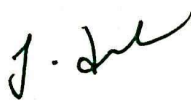

Sl.No.	Feedback Received	Action Taken	Impact
1.	Credits need to be reduced in accordance with the AICTE guidelines on curriculum preparation.	In First year, the total number of credits were reduced from 48 to 38	Improves the pass percentage of I year students
2.	Needs to realize Engineer's responsibility towards the word	Introduction of EVS and Constitution of India, as mandatory courses with zero credits	Creates Social awareness among the engineering students.
3.	Need Courses for Industry Readiness	Introduction of value-added courses such as introduction of food safety & preservation safety practices of management in process industries	Enhances the skill development in the area of food science safety.
4.	Need industry - institution interaction as part of curriculum	Made internship programme as mandatory for 4 weeks	Improves the employability skills and work ethics

**Dr.J.JEYANTHI, M.E, Ph.D**  
**Professor and Head**  
**Department of Industrial Biotechnology**  
**Government College of Technology**  
**Coimbatore - 641 013**

**DEPARTMENT OF IBT  
FEEDBACK ANALYSIS AND ACTION TAKEN REPORT  
2018A REGULATION**

Sl.No.	Feedback Received	Action Taken	Impact
1.	Need domain specific courses for higher studies	Introduced 3 sets of verticals in the major fields of biotech, DNA tech of Bio process tech as a part of Professional Electives.	Useful for preparation of all competitive exam such as GATE, NET, SLET, CSIR BET and IES
2.	Need job-oriented courses for industry readiness	Introduced 8 no.of courses under quality and regulatory affairs with the expert opinion from industry.	Improves the student placement statistics in QA and QC domain.
3.	Need inter-disciplinary courses for promotion of inter-disciplinary skills and research activities	Minor degree verticals were offered by other department to inculcate interdisciplinary knowledge.	Motivates the students to participate in multi-disciplinary innovation contents such as NRI Hackathons
