DEPARTMENT OF PHYSICAL EDUCATION

CIRCULAR

Date: 24.03.2023

Sub: 70th Annual Sports Day 2022-2023, Reg.,

The 70th Annual Sports Day of our college will be conducted on 30th March, 2023 at 1.30 p.m. Staff of our college are requested to render their service for the smooth conduct of the Annual Sports Day Celebration.

Including all the departments, we inform that our college workshop, library and college offices will remain closed from 1.00 p.m. on 30th March, 2023. The classes will be suspended from 1.00 p.m. on **30th March, 2023**, so that the students and staff will be able to participate in the **Annual Sports Day** celebration. All the teaching, non-teaching and administrative staffs are requested to attend the function compulsorily.

Cultural Activity: Festa-22 2022-2023

At the beginning of the academic year, Students' learning skills were showcased with enthusiasm. FIESTA '22 is hosted with lot of individual and group activities. Notably, 17 activities including mapachu, painting, and traditional Tamil arts were conducted for individuals. Students were informed about these traditions through performances such as country dance, Tamil drama, paraiyattam, Tharukuth, flute, modern drama, pommalottam, archery, and 9 other group events were conducted by our forum.

VISION

To emerge as a centre of excellence and eminence by imparting futuristic technical education in keeping with global standards, making our students technologically competent and ethically strong so that they can readily contribute to the rapid advancement of society and mankind.

ABOUT THE INSTITUTION

Government College of Technology, Coimbatore was founded in 1945 as Arthur Hope College of Technology under the patronage of Philanthropist G.D. Naidu. In June 1950, the college was moved to its present location that spans around 45 hectares in Thadagam road, Coimbatore.

The main building of the college was inaugurated by President Dr. Sarvepalli Radhakrishnan on October 08 1959. In 1987, full autonomy was granted for all academic programs. The courses offered are accredited by the NBA and college has been accredited with 'A' grade by NAAC for a period of five years from 2018. The Institute is committed in ensuring the students are well awarded of the technological revolution taking place worldwide.

MISSION

- To achieve Academic excellence through innovative teaching and learning practices.
- To enhance employability and entrepreneurship.
- To improve the research competence to address Societal needs.
- To inculcate a culture that supports and reinforces ethical, professional behaviors for a harmonious and prosperous society.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

VISION

To be in the frontier of Computer Science and Engineering & to produce globally competent graduates with moral values committed to build a vibrant nation

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering is functioning in the college ever since 1984. The Department offers both UG and PG programs with its highly qualified and experienced teaching faculty with the vision to produce globally competent graduates with moral values committed to building a vibrant nation. The department has also become a pool of Ph.D. scholars since 1992. The courses offered by the department follow the AICTE recommended curriculum. Besides imparting theoretical knowledge, the curriculum stresses developing analytical skills, communication, problem-solving, and teamwork abilities with its Employability Enhancement (EEC) and Value Added courses.

MISSION

- To strengthen the core competence in Computer Science & Engineering through analytical learning.
- To produce successful graduates with personal and professional responsibilities and commitment to lifelong learning.
- To uplift innovative research in Computer Science and Engineering to serve the needs of Industry, Government and Society.

Edutainment Lost: The Lost Decades of Computers

This was PLATO, the Programmed Logic for Automatic Teaching Operations system. Officially it was the world's first generalized computer-assisted instruction system, but in reality, that name doesn't even begin to describe this system's real achievements and innovations.

PLATO began in 1960 at the University of Illinois as a demonstration of a computerized method of teaching. PLATO I ran on the university's ILLIAC I computer, used a second-hand TV as a display and a roughly hacked-together keyset, and could be used by only a single user at a time. PLATO II took it to two users at a time. PLATO III brought with it a new concept: a programming language called TUTOR that anyone could use to write new lesson modules. Remember, this was the 1960s. Before TUTOR, lessons had to be written in machine language and required a computer scientist to program. TUTOR made the computer a much more liberal entity. But as of now, PLATO was still used only for its official purposes. However, it was with the introduction of PLATO IV that the system actually grew into its own. Retrospecting, PLATO was a sensuous amalgamation of various ideas each well ahead of its time, it had a plasma display, a touch panel, a hard drive, and a voice synthesizer. But what makes PLATO so special and worth studying in 2021 is not its hardware but rather, how it served as a battery.

PLATO IV, funded by the National Science Foundation, would be the first computer system equipped with plasma displays and touchscreens. It was capable of supporting a theoretical limit of up to 4,096 users at a time using newer and more powerful computers. New terminals were set up throughout the country and later even a few ultra-rich families. With so many people logging into a single network, an online community soon gave birth to the world's first online chatting platform (Talkomatic) and message board (Pad) in 1973. And with them came another invention that would disappear without a trace along with PLATO – emojis. PLATO allowed the overprinting of characters which were used to create emojis very similar to the ones used by us, nearly a decade before the :-) symbol was first used. The system was also home to preliminary streaming services and screen-sharing applications. With such a large number of users coexisting in a network and communicating, it was inadvertent that someone would seek a way to have fun with it. And then, in 1974, it happened. Now, it was time to let the games begin.

The system pioneered interactive lessons - it gave educators a chance to create interactive graphics on the video displays, something that wouldn't

become mainstream for decades to come. The system would produce pioneering games which would inspire many future games, including the first 3D flight simulator (Airfight), the first networked multiplayer game (Empire), the first FPS-like game (Spasim), the first game featuring a boss (dnd), Freecell solitaire and Mahjong. It's highly likely that you may not have heard these names. But can you say the same for Doom or Microsoft Flight Simulator? And everyone who has ever fired up a multiplayer game over the Internet or LAN, or played the Mahjong game on Windows 7 can remember PLATO. Even though these games have had the most lasting impact, it wasn't just the games that people got hooked on to it. It was the community. The community was very lively even though it had only a tiny fraction of the number of users compared to today's Internet. People talked about everything on forums, helplines for suicides came up, online publications started, people met and fell in love through it, and after Nixon's infamous Watergate scandal, PLATO also faced the world's first attempt at cyber censorship. People were addicted to it, waking up entire nights playing games. It ruined the academic careers of many, who dropped or failed out of their degrees after spending too much time on it. Many would go on to become professional programmers – the first of their kind. PLATO was where cyberculture first came into existence. PLATO was a window into the future, offering the then novel and now omnipresent and eternal feeling of being online. However, the controlling company's irrational greed resulted in terminal prices being too high for it to ever be mass adopted and as time passed PLATO was lost to the ravages of time, its stories and treasures remaining undiscovered, having been felt only by a small group of engineers, students and indeed, hackers.

(Pre-final year)

Since the 1960s - with the rise of artificial intelligence, computers have excelled in replicating almost all sorts of perceptions and intelligence that humans have. From predicting rational decisions to understanding human language through Natural Language Processing(NLP), AI is used everywhere. AI-powered virtual assistants can hear voice commands and work accordingly(auditory perception). AI-supported systems can also play a conversation (Speech synthesis). The feasibility of these fictions owes to the computation power available today. Apart from these, one of the most exciting missions is to give computers the ability to “see” and interpret the world. Can this massive computational power be used for perceiving the world as a human eye does?

Computer vision is the sub-field of AI that focuses on replicating the human vision system. This empowers computers to identify and recognize real-world objects in images and videos. From a general sense, Computer vision is all about pattern recognition. From the perception of a computer, an image is simply an array (or buffer) of numbers that represent the color values of a grid of pixels ("picture elements"). These color values are subjective to the color model used in the image. In openFrameworks, such buffers come in a variety of flavors and are used within container objects. Training a computer vision model to make sense of visual data(image) is similar to training other AI models. For instance, we feed enormous labeled images to the system to teach it how a giraffe looks. From these images, the system tracks down all the possible patterns and features like color variations in the animal, physical figures, distance between these figures, borders, and so on, so that it identifies a profile of what “giraffe” means. After the training phase, the system can recognize an unlabelled image of a giraffe with this experience.

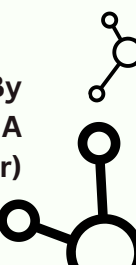

But how exactly does the whole process of feature identification happen? Features are smaller applications that could glimpse specific patterns in images. In a traditional machine learning approach, features are programmed. Then, a statistical learning algorithm such as linear regression, logistic regression, decision trees, or support vector machines (SVM) is used to detect patterns and classify objects in them. In the Deep learning context, neural networks extract common patterns between the labeled data and transform them into a mathematical equation for recognizing an unlabeled image.

At an implementational level, things go a bit simpler. For instance, creating a character recognition application with deep learning requires a preconstructed algorithm and sample images of the characters for training. If a diverse dataset is provided, covering different fonts and variations in the characters, the model will be able to detect characters without further instructions on features or measurements. Usually, creating a precise deep learning algorithm comes down to gathering a large amount of labeled training data and tuning the parameters such as the type and number of layers of neural networks and training epochs. Compared to previous types of machine learning, deep learning is both easier and faster to develop and deploy computer vision models. Most modern computer vision algorithms are based on convolutional neural networks (CNNs), whose performance is determined by the underlying architecture. Few of the efficient architectures are AlexNet (2012), GoogleNet (2014), VGGNet (2014), ResNet (2015), Xception (2016), ResNeXt-50 (2017).

Computer Vision encompasses many visionary tasks rather than just extracting features from an image such as Object localization, Semantic segmentation, Pose estimation, etc. Object localization is used to graphically locate an object in an image. Once identified, objects are marked with a bounding box. Object detection is a task that extends localization by classifying the identified objects using CNNs such as AlexNet, Fast RCNN, and Faster RCNN. Semantic segmentation is similar to object detection except it is based on the specific pixels related to an object. This enables object borders to be carefully defined rather than a bounding box using fully convolutional networks (FCN) or U-Nets. Training autonomous vehicles with semantic segmentation lead to higher performance and reliability. Pose estimation is used for an augmented reality where the model is trained to detect and replicate various features.

With the flow of time, we tend to think that the boundary between humans and machines is fading away. We see Computer Vision being used to detect facial emotions and mental wellness in recent research. In such instances, even with the most powerful CNNs and expensive cameras, the empathy that human eyes show can never be replaced.

Akshaya Raj S A
(Final year)

With more than two lakh students participating, the Smart India Hackathon is one of the largest hackathons in the world. The goal of the Smart India Hackathon 2022 is to give students across the country a platform to address some of the most important issues that we encounter on a daily basis and to foster a culture of product innovation and a problem-solving mindset.

Higher Education Institutes (HEI) may be allowed to nominate 15 teams/colleges (qualified through an internal hackathon conducted by the institute at their premise). Each team would mandatorily comprise 6 members including the team leader and at least one female member. It is generally conducted in two editions: Software edition and Hardware edition.

Our senior class of 2019, which received the presidential award in the SIH-2018 Edition, was the first to introduce us to the term SIH. They instilled interest in us. It encouraged us to continue on the path. In order to have a broad scope in both hardware and software, we organized an interdisciplinary team of 3-CSE and 3-EEE students. Out of the more than 400 problem statements, we selected one and got to work on the model that will be used to weed out the top 15 teams for the college's internal hackathon.

During the internal hackathon, we had the chance to showcase both hardware and software ideas. Thankfully, both of the statements were chosen as top 15 shortlisted Ideas. Regrettably, we can only post one solution per team to the portal. We eventually submitted the hardware statement into the portal after many dilemmas. A second door unlocked for us a month after the portal's submission period ended! In the name of Wild Card Entry, teams are allowed to upload solutions to more than one problem statement. We pushed our software problem statement solution in. Sadly, we were unable to advance the Hardware solution to the finals. However, we have brought the software solution to the top.

This problem statement was submitted by the Department of Post and Ministry of Post, India. The problem claims that "The fact that there is no standard format for addressing locations throughout India, each and every location has different addressing, and the descriptive addresses are quite dynamic, is one of the main issues that the logistics sectors and service industries are facing.

Maintaining address inventories is ridiculous since new residences keep popping up and old houses disappear. Data concerning digital addresses are not available to us. The written address and the coordinates for each and every building in India are unrelated. So the ultimate goal is to develop a solution to establish a Digital Address Code and distribute them to each and every household. The DAC needs to be automated, secure, directional, adaptable, accurate, and unique to prevent fake addresses."

There is no option other than to connect with the geo-coordinates (Latitude and Longitude), which are constant even over time, in order to eliminate dynamicity in the text address. With an accuracy of almost 0.6 square meters, we have designed a grid system that allows us to encode the latitude and longitudes into a single 10-digit Alphanumeric code. This allows us to create a special 10-digit code for each and every building in India. The DNN algorithm and image processing techniques were used to separate the distinct footprints of each building. To distribute and maintain the addresses, we have also created a web-based portal with certain special capabilities, such as address updating, visualizing the total number of searches for a specific DAC, privacy access modification features, and a lot more. We were called for the grand finale of SIH 2022 which was scheduled at the different Nodal Centers. The D Y Patil College of Engineering at Akurdi, Pune, served as our nodal center. We were accompanied to the nodal center by Mr. N Arumugam sir, who mentored us in all aspects. A hackathon that lasts 36 hours straight requires us to work both day and night. The recipient of the SIH-2018 Presidential Award, Mr. Mano Prakash (CSE-19), coached us and shared all of his knowledge with us, which was very helpful and gave us a clear understanding of the duties that needed to be completed. After the hackathon's 36 hours. After the 36-hour hackathon, we were thrilled to receive the announcement on stage "the winner of the Problem statement from the Department of Post and Ministry of Post is the TEAM LOADING". We were awarded a chance to make our fictional model a reality as well as a cash prize of one lakh rupees.

Life as an NCC cadet

“Unity and Discipline (Ekta aur Anushasan)”

This is an article based on the work-life balance of an NCC cadet. Hi, I'm Vishwa. I've been a part of GCT-NCC since my first year. So I might know a thing or two about NCC. As you all might have heard NCC is all about discipline, hard work, leadership, secular outlook, the spirit of adventure sportsmanship and rigorous training, etc. Well, I'm here to say it's a lot more than that. Let me tell you how NCC helps you as an engineer. NCC builds teamwork which is crucial for your future journey as an engineer. The discipline you learn is a highly valued quality in the hiring process. The leadership qualities help us as engineers in management roles. The chain of command helps respect your leaders which is essential for a productive work environment.

Being a cadet in NCC has its own perks. The obvious one is that you needn't write any entrance exams to join the Indian armed forces, even for the rank of officer. It also gives you an edge over other non-NCC candidates as they lack discipline and teamwork. Though fighting is an important aspect of the Indian armed forces is not the only job there.

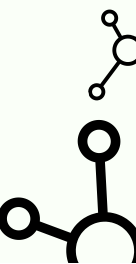

Life as a cadet is one of the best experiences one can ever have as it teaches them life as it is and shows how it is to be an officer in the Indian Armed Forces. In times of peace like this, there is a lot of scope for innovation and development. A separate budget for the army only helps the cause by reducing the number of competitors. As you may all know the cyber world has become the new battlefield so much so that China has an entire division dedicated to cyber warfare. India needs computer science engineers for this field as it too is trying to upgrade its cyber strength. So, as I have explained to you in the above paragraphs, NCC isn't necessarily a club for your activity points but a powerful organization that helps strengthen our nation and create strong self-disciplined members of the community.

I would strongly suggest more students from our CSE branch join the NCC as there is a rising need for disciplined well educated engineers.

By
Vishwaraj S
(Pre-Final year)

Vishwaraj S(CSE- '24) and Christopher T(CSE- '24) took part in independence day parade 2022 and hoisted the national flag to remember our martyrs

International Collegiate Programming Contest

The International Collegiate Programming Contest is considered the “Olympics of Programming Competitions”. It is quite simply, the oldest, largest, and most prestigious programming contest in the world. The ICPC is a multi-tier, team-based, programming competition. The contest participants come from over 2,000 universities that are spread across 80 countries and six continents.

The ICPC Contest consists of two rounds: Regionals and Finals

Regionals: The ICPC regionals are organized by the local universities of different regions spread across the globe. The winners of these regional rounds of the contest get to represent the country in the ICPC World Finals. Every regional contest site gets a “slot,” which is an invitation for the team to compete in the World Finals. Each regional site can have multiple rounds to select the best teams amongst those who apply. Typically they have an online contest, out of which selected teams are called for the onsite contest.

Finals: The best teams selected from each regional site compete against each other in the final round conducted on-site.

In terms of prize money, the top team takes home \$15,000 along with the ICPC Gold medal. Three other teams getting Gold Medal are awarded \$7,500. Each Silver Medal team gets \$6,000 and each Bronze Medal team gets \$3,000. Courtesy of the UPE Computer Science Honor Society, the First Solution Award will be \$1,500. For the other solved problems, The First to Solve Award will be \$1,200. And more important than all, the winners also get some super bragging rights and job offers from some of the top software companies in the world!

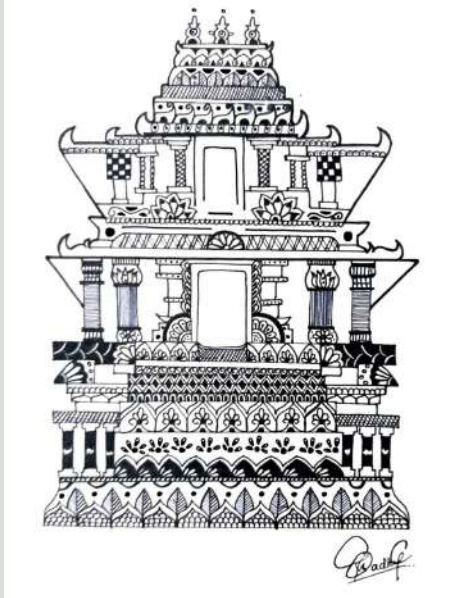

All the problems needed an in-depth understanding of data structures and algorithms as well as the precise knowledge of how time and space work in an algorithm. They are tricky to solve, but a lot easier to understand and implement. But if you want to pass all the test cases, your program shouldn’t consume time!!

This year, five teams from our college took part in the contest. In the provided 120 minutes, we barely solved two problems. This contest taught us the importance of writing efficient algorithms which would consume less space and time compared to other brute force methods. When we work in small, like up to 10 2 datasets, we’ll get our desired output in no time. But think about the time it would take to process 10 10 datasets. We won’t have the patience to wait till everything gets processed, and neither does the compiler. It was an enlightening experience where we raced against time, bust our brains, and realized that we still had a lot to learn. In the end, we realized that “Anyone can write programs, but writing optimized programs is what a qualified programmer should do”

Overthinking is a disease

Imagine you are holding a glass of water. If you are holding it for a minute, it is not a problem. If you hold it for an hour you will have an ache in your arm. Hold it for a day and your arm will feel numb and paralyzed. The weight of the glass doesn't change, but the longer you hold it, the heavier it becomes...

The stress and worries in life are like a glass of water. Think about them for a while. Nothing happens. Think about them a bit longer and they begin to hurt. Think about them all day long, you will feel paralyzed and incapable of doing anything.

- Varshini P R
(Pre-Final Year)

Never a special one

She was a conundrum,
but not for him;
She never needs to be too real,
except him;
She would rather express much,
except him;
By the way of all the exceptions, she
just expected "to be considered and
cared as she did!"

Ironically, he taught, all the exceptions
of her, never made her special!

- Sruthi Ramesh
(Pre-Final Year)

Little Secrets

Fireflies gleaming in the endless night,
Do they ever know the fire blows out shortly?
Raindrops falling gracefully from heaven,
Do they ever know where they reach?
Bolts of thunder rumbling around,
Forests stand in the hope of sunshine
Little secrets all over the place,
Never got to know the next
Shining fragments scatter by a hopeful smile
Even in the days of darkness
Life is just a secret smile!

TIMING : 4 PM

DATE : 12TH APRIL 2023

MATRIX 2023

APRIL 01, 2023

9:30 AM - 4:30 PM

The offline Matrix hackathon took place on 1st of April 2023 at the Computer Science and Engineering Department. The event starts at around 9:30 AM and concludes by 4:00 PM. The teams shortlisted for Phase 2 participated in the hackathon event. Teams were provided with mentorship during the session.

APRIL 02, 2023

10:30 AM to 1:30 PM

On the day of Matrix hackathon the panel of juries including Mr. Vivek Poovalingam Thoughtworks - Principal Consultant, Software Defined Vehicles , Mr. Ashok Ramalingam - Autosar Bsw Specialist at Bosch India and Mr. Sathyapriyan Kannan - IT Development lead was invited to evaluate the solution defined by participants of Matrix hackathon. The event concluded by jury member felicitation. Dr. R. Bhavani - CSE Associate Faculty incharge facilitate the jury members by presenting them mementos.

APRIL 12, 2023

4:00 PM 4:30 PM

The valedictory function for the matrix hackathon took place on 12th of April 2023 4:00PM to 4:30PM. Dr. K. Ranjit Kumar - IEEE Branch Counselor addressed the gathering. He also expressed his wish to conduct inter-college level hackathon in collaboration with CSEA.

Head of Computer Science and Engineering Department - Dr. J. C. Miraclin Joyce Pamila addressed the students and congratulated all participants for actively participating in the technical event and also said that these hackathons bridge the gap between course learnings and experimental outcomes.

Dr. J. C. Miraclin Joyce Pamila Mam and Dr. K. Ranjit Kumar sir jointly presented the award for first, second and third place winners. The CSE Association faculty incharge Dr. R. Bhavani Mam presented the certificate for creative catalyst category. The participation certificates to the rest of the teams were distributed by the faculties of CSEA.

Feedback was asked from the participants towards the end of the event.

The valedictory function is concluded with the vote of thanks by CSE Association faculty incharge Dr. R. Bhavani Mam.

DETAILS OF TEAMS PARTICIPATED IN HACKATHON

Total Number of Teams participated in Phase 1: 41 Teams

Total Number of Teams shortlisted in Phase 1: 21 Teams

Total Number of Teams participated in Phase 2 : 15 Teams

DETAILS OF WINNERS

1st PRIZE: ALPHA CODERS

TITLE: FEELINGO - An Emotion Based Music Recommendations system.

2nd PRIZE: INNOVATIVE HUNTERS

TITLE: Emotion Recognition using ECG signals

3rd PRIZE: MECHONS

TITLE: Child rescue from Deep Bore hole.

SPECIAL PRIZE: MAVRICK

TITLE: Detection of Phishing and legitimate websites.

Government College of Technology, Coimbatore - 641013

Date: 06.09.2022

Submitted to the Principal

Sub: Report - State Level Programme on Drive Against Drugs (DAD)-
Anti-Drugs Club (ADC) - Reg.

Ref: Principal Lr.5791/E1/2022 Dated 10.08.2022.

In the light of the State Level Programme on Drive Against Drugs (DAD) of the Government of Tamilnadu, with the permission of the Principal, the various activities were carried out by the Anti-Drugs Club (ADC) of the Government College of Technology, Coimbatore.

Mass Anti-Drug pledge

On 11.08.2022, a mass Anti-Drug pledge was taken in the Alumni Auditorium. Arrangements have been made to display the live event of the DAD programme launched by the Honourable Chief Minister of Tamilnadu. All the Staff, UG and PG Students (Total: 2139) assembled for this event at 10.00 AM. The Principal In-Charge delivered a speech on the DAD programme's objectives and gave the students awareness against drug use. The pledge taken by the Honourable Chief Minister of Tamil Nadu in Live streaming was displayed. The pledge was read by the Principal In-charge and the same was repeated by the Staff members and Students. After the completion of the pledge, Students and Staff were dispersed.

Pledge-taking function on 11.08.2022

Debate: "Is Addiction a Disease or a Choice?"

A debate on the title "Is Addiction a Disease or a Choice?" was organised by Anti-Drugs Club on 12.08.2022 at 11.00 AM. Students from all the departments participated. The programme was conducted in the seminar hall of the PG-Manufacturing department.

HOD of the Mechanical Engineering department addressed the students about the ill effects of drug usage before the start of the debate programme. Totally 7 students were divided into two groups with three students each and one mediator in the debate. The debate went very well for about 2 hours and 30 minutes.

Debate: Is Addiction a Disease or a Choice? on 12.08.2022

Brochure: Is Addiction a Disease or a Choice?

Anti-Drugs Awareness Rally

As per the Instruction from the Directorate of Technical Education, the Anti-Drugs Club of Government College of Technology, Coimbatore, the Anti-Drugs Awareness Rally was organised on 14.08.2022. Prior permission was obtained from the Inspector of Police, C-3 Police station, Saibaba Colony, Coimbatore for conducting a rally in the Saibaba Colony. The Drug Abuse Awareness Rally was started by our beloved Principal Madam on 14.08.2022 at 7.30 AM from GCT main building and the rally went through the streets of Saibaba Colony peacefully. About 100 students and faculty members participated in the rally. NCC cadets also participated in the rally which made it more enthralling. The students kept the placards displaying the ill effects of smoking and alcohol consumption etc. The police personnel guarded the rally throughout.

Anti-Drugs Awareness Rally on 14.08.2022

The Counsellor of Saibaba Colony interacted with the students and appreciated the rally near Bharathi park. The general public appreciated it largely.

Anti-Drugs Awareness Models and Posters' Display

Anti-Drugs Awareness Models and Posters' Display was arranged on 16.08.2022 at the Open Auditorium in light of the State Level Programme on Drive Against Drugs (DAD) by the Government of Tamilnadu.

Anti-Drugs Awareness Posters Display on 16.08.2022

Arrangements have been made to display the models, paintings and charts explaining the effects of smoking and alcohol consumption etc. Competitions in Logo designing and Poster Designing were conducted for the UG and PG Students. The posters and logo designs of all participants were displayed to make awareness among the students against drug usage. The big oval display at the main gate entrance was decorated with anti-drugs awareness pictures to have wider attention. The students and the faculty members visited the display and appreciated the efforts of the Anti-Drugs Club.

Anti-Drugs Awareness Programme

As per the Instruction from the Directorate of Technical Education, the Anti-Drugs Club of Government College of Technology, Coimbatore organised an Anti-Drugs Awareness Programme on 17.08.2022 at the Alumni Auditorium in the light of the State Level Programme on Drive Against Drug (DAD) by the Government of Tamilnadu. Dr KAVIDASAN, Director, Roots Group of Industries, Coimbatore was invited as a Chief Guest. Students did a wonderful skit on the ill effects of drug abuse. Chief Guest delivered a nice speech on the effects of smoking and alcohol consumption and made the students aware. Beloved Principal madam presided over the function. The certificates were presented to the winners of the competition on Logo designing and Poster Designing. The programme ended with National Anthem.

EV-TRION REPORT

GOVERNMENT COLLEGE OF TECHNOLOGY
COIMBATORE - 641013

OBJECTIVE.

The event started with a great smile from the crowd and a silent curiosity toward learning about the new age market kingdom, the electric vehicle, and the ruler Morris garage.

The main motive of the event was to encourage the audience towards a better future by inducing EVs as a safe and better option and also to convince them about it.

This was taken care of by skilled and experienced staff from Morris garage itself as they, the tech giant didn't think about this as another marketing platform but also helped students to get through things by hand on all the equipment and necessary objects to bring the students interest towards the event and conducted it smoothly and globally.

ABOUT EV-TRION.

EV - TRION was the workshop on Electric Vehicles conducted in collaboration with Morris Garages conducted by SAE - GCT on December 3rd, 2022 at AUDITORIUM, Government College of Technology, Coimbatore. Respected Vice Principal Dr. V. Gopalakrishnan and our club advisors Dr. S. Periyaswamy and Dr. A. Sasikumar were invited to the event. Nearly around 300 participants participated in the workshop from colleges across Coimbatore. Our club advisors along with the technical presenters from the Morris Garages inaugurated the workshop. The workshop had two sessions. During the forenoon session, the presenters of Morris Garages explained Battery Management systems, Control Units, and Power Transmission and further discussed and interacted with students. They demonstrated their vehicle. Following the afternoon session, the students of the Team members of SAE-GCT showcased their fabricated components that were used in ATVs and demonstrated each component. We demonstrated the ATVs and drove them on the streets. The participants had been satisfied with the workshop.

EVENT DAY

9:00 AM – Inauguration

The workshop (EV - TRION) started with an inauguration ceremony with our club advisors Dr. S. Periyasamy sir, Dr. A . Sasikumar sir, and Vice president Dr. V Gopalakrishnan and Principal Dr. P. Thamarai mam as chief guest. And The MG members are Mr.Ajay, EV Technical expert at MG, Mr.Kalaivanan trainer, Mr.Satyanarayan Asst general manager, Mr.Anandababu and Mr.Ramesh, Senior HR managers at MG, Mr.Vinothkumar, EV sales manager.

9:30 AM – MG session

Followed by the inauguration of the session conducted by Mr. Ajay EV Technical expert at MG, who explicates the E - Vehicles and their function through his effective presentation. The contents covered by him were, When was E - Vehicle invented, organs of E - Vehicle, Battery types, MSD (Manual Service Disconnect), etc. Through his effective presentation participants got the main idea about E-Vehicles.

11:00 AM – Break Time

Continued by the session, refreshments were served for the participants, staff, and MG members.

11:30 AM – Magazine Release

After refreshment, the Magazine release was done by Dr. S. Periyasamy sir, Dr. A . Sasikumar sir, Dr.T.Sekar Associate Professor and HoD of Manufacturing Engineering, Thiru R Surendran Assistant Professor, Mr.Ramesh sir, Mr.Vinothkumar sir, Mr.Satyanarayan sir, Mr.Anandababu sir, Mr.Kalaivanan sir, and Mr.Ajay sir. The purpose of the magazine is to raise funds for our club. Dr.T.Sekar Associate Professor and HoD of Manufacturing Engineering sir gave an overview of the SAE Baja India competition and its benefits.

12:00 PM – Demo session

Morris Garage presented their e- vehicle and explained the systems of the vehicle in detail and brought up the hands-on experience to the participants of the workshop. The session also explained the following contents about the ZS E-VEHICLE.

- Anti-theft technology
- Airbags safety
- Battery Management System
- Fast Charging Technology

Every participant was allowed to visit the vehicle by proper management of the team.

12:30 PM – Lunch Break

After the demo session of MG, lunch was provided for all the participants, and for the MG people

1:30 PM – Q/A session

Q/A session was well handled by our team members Vedhagiri and Gobi.

The participants showed their interest in the workshop by raising up various questions about the e-vehicle and getting clarified in deep. The questions(mostly asked) are related to the following topics:

- Battery Management System
- Transmission System
- Hydrogen battery pros and cons
- Disadvantages of battery
- Lithium-ion battery
- Difference between conventional and electric vehicles.

2:30 PM – Subsystem-wise presentation

After the Q/A session, participants are split into groups and they were allowed to visit each subsystem and interacted with our team members to gain knowledge about the roles of each subsystem of our team.

Rollcage:

The importance of making an optimized roll cage and its design criteria was explained in the roll cage.

- The software tools we used for designing our roll cage.
- How we analyzed our design using Ansys.
- Need and significance of using fixtures.
- Ergonomics

And manufacturing processes like welding, bending, and grinding were explained clearly to the participants.

Steering:

We explained about

- Steering geometry and the type of geometry used that is Ackerman and why it is preferred over other types
- Steering parts such as steering wheel, steering column and rack pinion and knuckle and how it was made and what type of material is used and why it was used.
- Rack and pinion meshing and how it controls the steering effect and other parameters.
- A brief overview of the software used in designing the whole steering system.

Brakes:

We dealt with the overall functioning of brakes and their components. We explained the individual components such as the disc, caliper, brake pipe, brake hose, and their overall assembly. The caliper which is the main part of the brake is explained and its types include fixed and floating calipers. The importance of Ansys software for the thermal analysis of the brake disc was explained and what are the changes we made to the disc to overcome the issues that we faced earlier. And we gave an overview of the calculations we did for the brakes.

Suspension:

The various parts of the suspension system were explained briefly to the participants,

- Shock Absorbers- It is a Hydraulic suspension component that keeps the buggy's spring from bouncing uncontrollably over bumps and drops. It is also known as dampers.
- Spring- It is a link between the wheels and the car body. These are used to provide ride comfort. Here we are using C60 steel for the springs.
- Front control Arm- It generally consists of two ends one end is connected to the wheel and another end is connected to the vehicle chassis. It consists of two arms-upper and lower. For front CA we are using Double wishBone geometry.
- Rear control Arm- Here we are using Modified H arm geometry. In the rear, there is only a Lower control arm.
- Rear Knuckle- Attaches the rear suspension to the wheel support assembly.

Transmission:

In transmission, the terminologies of the gear system were explained and the calculations behind finding the gear ratio and how we choose the required gear according to the gear ratio were explained to the participants. The working of CVT and differential and their importance of it in the vehicle were clearly explained.

Electrical:

In this, the various tests conducted by our team were explained, and also various components sensors, and transmitters were shown to them.

- MLX90614 IR sensor- A temperature sensor used to measure the heat produced in the disc during continuous braking conditions.
- Inductive Proximity Sensor- It is a metal detection sensor that is used to measure the RPM of the CVT.
- Linear Potentiometer- We can measure the Damper travel. It is connected in parallel with the suspension to measure the distance.
- Strain gauge-It is a type of resistor which changes its resistance when there is stress on it. It is used for hard point identification in the roll cage. It is used for strain analysis.
- Arduino UNO- It is a Microcontroller that is used to integrate the sensors and process the sensor data.
- SD card Module- The data processed in the Arduino UNO is stored in the Micro SD card for future reference.
- Xbee Module- It is a wireless data transmission module used to send the information dynamically rather than storing it in an SD card. It uses the Zigbee protocol which is based on IEEE 802.15.4 standard.

4:00 PM – ATV Demo

Finally the workshop ended with the ride demo of our All Terrain Vehicle. Our team member Rithic drove the buggy in front of the participants with proper safety gear.

Participants showed their excitement by clapping.

After this, the certificates were distributed to all the participants.

Photos:

Bills and Money Spent

For food we spend around Rs.17,500. We order 320 plates of food for that day for all participants and the members of the SAEGCT club. We provided a Vegetable Briyani, pappads, and sweat.

The sound system is not available in the auditorium. So we take a sound system for rent and for that we spend up to 7000 per day.

Review

On December 3, SAEGCT's BAJA SAE Team Screwtenizers collaborated with us to conduct a Workshop on Electronic Vehicles. The first half of the event went through a theoretical session and post-lunch we showcased <insert car name> to the participants in batches. Overall the event was well-planned by the organizers, The participant count was higher than we anticipated, and had quality time interacting with young minds! We also happen to see the mBAJA vehicle designed, manufactured, and assembled by the college's BAJA team. We discussed with them about specs and also had a chance to drive it. Overall we had a good time at the workshop, thanks for the organizers and the College for the event.

CONCLUSION

EV - TRION was the workshop on Electric Vehicles conducted in collaboration with Morris Garages conducted by SAE - GCT on December 3rd,2022 at AUDITORIUM, Government College of Technology, Coimbatore. Respected Vice Principal Dr. V. Gopalakrishnan and our club advisors Dr. S. Periyaswamy and Dr. A. Sasikumar were invited to the event. Nearly around 300 participants from participating in the workshop from colleges across Coimbatore. Our club advisors along with the technical presenters from the Morris Garages inaugurated the workshop. The workshop had two sessions. During the forenoon session, the presenters of Morris Garages explained Battery Management systems, Control Units, and Power Transmission and further discussed and interacted with students. They demonstrated their vehicle. Following the afternoon session, the students of the Team members of SAE-GCT showcased their fabricated components that were used in ATVs and demonstrated each component. We demonstrated the ATVs and drove them on the streets. The participants had been satisfied with the workshop.

CYCLE RALLY

Date:03/06/2022

Millions of people around the world use a bicycle as their primary means of transportation, meaning they get a healthy dose of physical activity as part of their daily routines. World Bicycle Day is the day to join them (if you don't bike every day already!) as a special celebration of one of history's best inventions.

CONCLUSION:

The day celebrates the uniqueness, durability, and versatility of the bicycle and promotes it as a simple, sustainable means of transportation. Bicycle is good for physical and mental health, also it is good for the environment and the economy.

Swachh Bharat abhiyan

Date:06/06/2022

Cleanliness means keeping ourselves neat and clean by avoiding dirt. It is the best practice to keep everything clean. According to the type of things, we can divide cleanliness into various types such as cleaning of clothes, cleaning of streets, cleaning of surroundings, cleaning of houses, cleaning of person, personal cleanliness, etc. In order to maintain our personal cleanliness, we need to practice cleanliness very carefully and make it a most important habit. It is very necessary to maintain the cleanliness of surrounding together with our personal cleanliness. We should understand the importance of cleanliness and do practice of cleaning ourselves and surrounding areas.

CONCLUSION:

In conclusion, the cleanliness campaign had a significant impact on the location. It not only improved the health and well-being of the residents but also contributed to the overall cleanliness of the environment. It is essential to conduct such campaigns regularly to maintain a clean and healthy environment for ourselves and future generations.

Yoga Activity Report on International Yoga Day - 2022

Date: 21.06.2022

Location: St.Michel's Higher Secondary School, Coimbatore

Summary:

On 21.06.22, in celebration of International Yoga Day, NCC Cadets of Government College of Technology, Coimbatore organized a remarkable yoga activity at St.Michel's Higher Secondary School, Coimbatore. The event aimed to promote the practice of yoga, raise awareness about its numerous benefits, and bring together individuals from diverse backgrounds to foster unity and well-being. This report provides a comprehensive overview of the yoga activity, including the preparations, participants, activities conducted, and key outcomes achieved.

Preparations:

- Prior to the event, the organizing committee worked diligently to ensure the successful execution of the yoga activity. The preparations included:
- Selection of Venue: St.Michel's Higher Secondary School, Coimbatore was chosen that could accommodate a large number of students and provide a serene atmosphere conducive to yoga practice.
- Logistics: Arrangements for yoga mats, sound systems, seating arrangements, and other necessary equipment were made to ensure the comfort and convenience of the participants.

Activities Conducted:

The yoga activity featured a diverse range of activities designed to engage and educate participants. The program comprised:

- Opening Ceremony: The event commenced with an inaugural ceremony, where distinguished guests addressed the audience, emphasizing the significance of yoga and its positive impact on health and harmony.
- Yoga Sessions: Renowned yoga instructors led participants through a series of yoga sessions, encompassing different styles such as Hatha, Vinyasa, and Kundalini. The sessions catered to participants of varying skill levels, ensuring inclusivity and accessibility.
- Workshops and Demonstrations: Concurrent workshops and demonstrations were organized to deepen participants' understanding of yoga postures, breathing techniques, and meditation practices. These interactive sessions provided practical insights and enabled participants to experience the benefits firsthand.

Key Outcomes:

The yoga activity on International Yoga Day yielded several significant outcomes:

- **Increased Awareness:** The event succeeded in raising awareness about the importance and benefits of yoga, reaching a large audience and disseminating information through various media channels.
- **Community Engagement:** The activity fostered community engagement, bringing together individuals from different backgrounds, fostering connections, and promoting a sense of unity and inclusivity.
- **Skill Enhancement:** Participants had the opportunity to enhance their yoga skills through expert-led sessions and workshops, enabling them to incorporate yoga into their daily lives for improved well-being.
- **Inspiration for Future Practice:** The event motivated participants to continue their yoga practice beyond International Yoga Day, fostering a long-term commitment to health and wellness.

BASIC LIFE SUPPORT

Report on World record event on World First Aid Day – 10.09.2022

On the World First Aid Day, NCC cadets of our college coordinated the Basic Life Support demonstration along with 1000 students from our college.

A world record was set by more than 5,000 school and college students in Coimbatore on Saturday 09-09-2022 on the World First Aid Day by demonstrating basic life support and recovery positions during critical conditions. District Collector Dr.G.S Sameeran I.A.S informed 5,386 students participated from 49 different institutions from Coimbatore for The Asia Book of Records adjudged the record attempt held on the Agricultural University

TIME:9:00AM-4:30 PM

EVENT DESCRIPTION:

The Anugraha home is located in Masagoundanchettipalayam, 29 kms from GCT, Coimbatore. There were approximately 50 people under treatment. Apart from **cleaning their backyard**, interactive session like singing, movie quizzes etc...were also conducted for those people.

Cleaning Up of the Backyard:

The Backyard was covered with bushes and unwanted plants along with some unused stuffs. Our Y's youth team including the board members along with other executives cleaned up that area and turned it into a place of pleasant view to be used by those people. The founder of the home Mr. Ravichandran was extremely happy with our work and appreciated the volunteers.

Interactive sessions:

As the cleaning works were being done, simultaneously other Y's members engaged the residents with a fun interactive session. The session included fun activities like singing, answering movie quizzes, sharing their life experiences, etc. The residents participated actively and enjoyed them as well. "Kindness is the only service that will stay in the hearts of people forever". Expressing kindness towards them made them smile wholeheartedly.

SUMMARY:

On the whole, the project was successfully done and it added happiness to them as well as to our team of volunteers. The people there even asked the members to re-visit them whenever possible and the happiness in their faces spoke a lot. It helped the members to build fellowship and they proved

"Alone we can do so little, Together we can do so much".

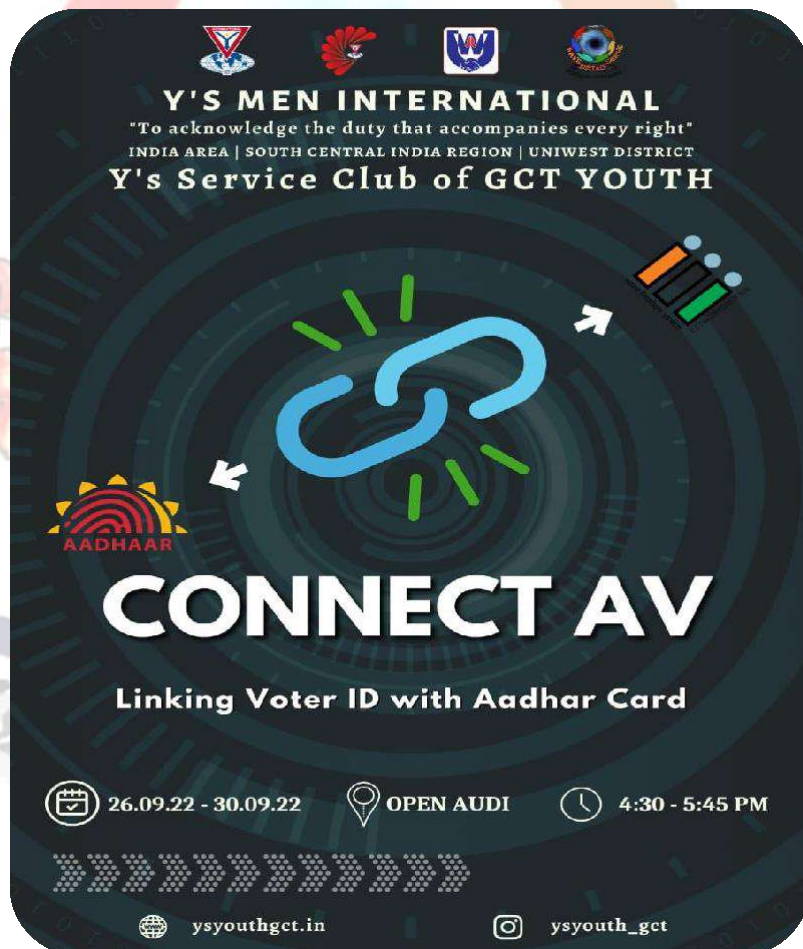

REPORT ON CONNECT AV

-Linking Aadhar Card with Voter ID

OBJECTIVE:

The “CONNECT AV” was an immense event that was organised by Y’s Service Club of GCT. According to the reports of meeting that was collocated by the Collectorate of Coimbatore, it was informed that linking Voter ID with Aadhar Card is mandatory from the year 2023 onwards . The main objective of the event was to extend the options to the all those who have not yet linked Voter ID with their Aadhar Card.

VENUE: OPEN AUDITORIUM

TIME: 4:30 PM – 5:45 PM

DATE: 26.09.22 -30.09.22

EVENT DESCRIPTION:

The activities of the event were carried out by the members of the Youth Service Club of the college and there were a total of 50 volunteers. We were divided into different groups in accordance with the dates in which the event was held. The event took place for five days in our college.

All the arrangements including desks, laptops and services were done in advance.

SPOT LIGHT OF THE EVENT:

Dr.P.Thamarai,Ph.D, our respected principal even suggested to collocate an event for applying Voter ID to the all the persons who are above eighteen on behalf of the club .

She was a part of the event and linked her Aadhar card with Voter ID along with some of her family members, which was an immense pleasure to all members of the Y's Service Club and the student community.

SNAPSHOTS:

❖ Snaps shot on the spot of the event.

SUMMARY:

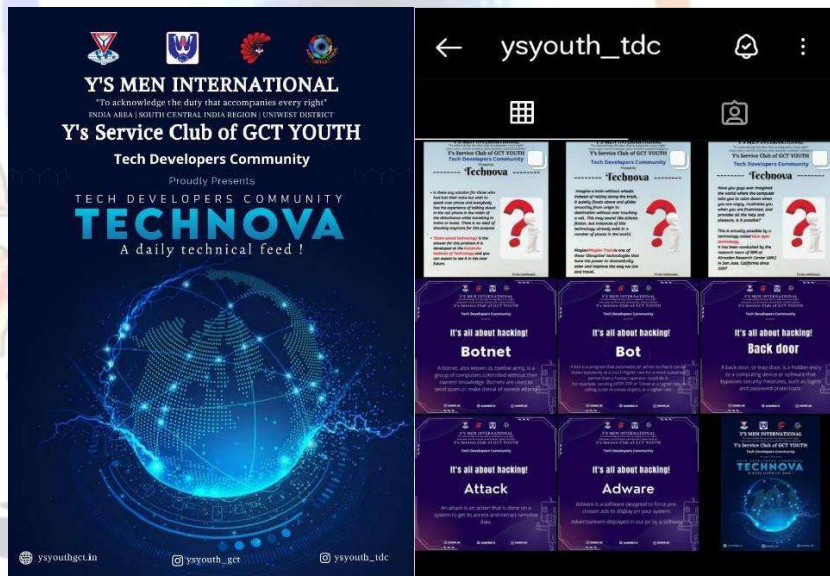

On the concluding day of the event , nearly fifty plus students procured the service provided and got their Voter ID linked with Aadhar Card. And the event ceased up with our principal's feedback and assured us that attempts would be made to organise the phase-II of the event . It was a delight to come up with perceptive events happening at our college.

Report of Technical Committee

1) TECHNOVA

OBJECTIVE:

On the installation of our board 2022-2023, the technical committee of Y's Youth GCT has released a project called "**TECHNOVA**", which is a **365-day process of releasing a daily technical feed**. This project aims to inculcate the knowledge of current technology to the younger generation through a one-week consecutive release of posters on the particular technology that finally ends up with the release of questions on the **ysyouth_tdc** Instagram page to recall themselves for what they have learnt for a particular week.

PLATFORM: Whatsapp

Quiz: ysyouth_tdc (Instagram)

PROJECT OUTCOME:

The project has reached almost 80% of the students of GCT and it has a great response from all forms of social media. The number of people attending the questions through the Instagram page increases each week. So far, we have released for around three weeks and the fourth week is going on.

PROJECT SUMMARY:

The event 'Technova' is successfully going on and this satisfies today's learners to dive deep into the technology world and make them to learn new everyday. Thus we hopefully make the followers to understand the emerging and existing technologies with a standard content.

2) R2-D2

OBJECTIVE:

Initiating a tech talk series, we conducted an online **webinar on robotics** under the name “**R2-D2**” with our speaker **Mr.V.Sanjay Kumar** , a proud alumni of Y's Youth Club of GCT.

A Google form was circulated prior to the meeting to gather questions that stormed the young minds. We came across a lot of ideologies and questions that wondered us.

The main motto of this event is to clarify the students' doubts regarding a career in robotics and to wash out their doubts regarding the robotics field.

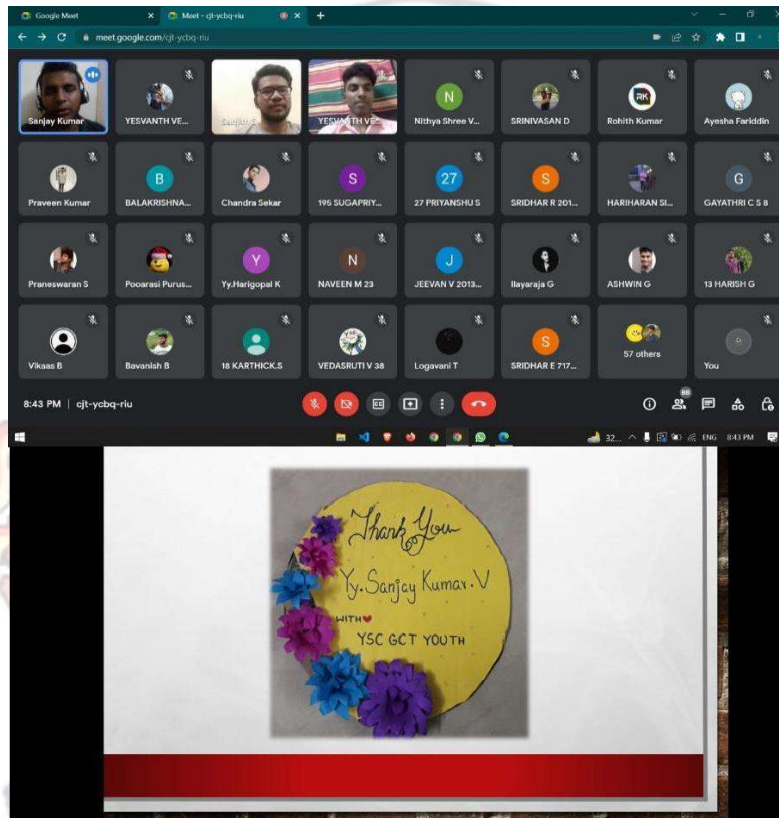

PLATFORM: G-Meet

Date:07/09/2022

Time: 8:15 P.M

PROJECT OUTCOME:

The meeting went on for an hour. The meeting was an inspiring session in which our alumni Sanjay Kumar shared his vast knowledge and experience with us, and the participants' feedback was also positive. We honored our speaker with a token of love. Finally, the meeting ended with a vote of thanks.

PROJECT SUMMARY:

This event "R2-D2" was a great success and the participants who attended the session found it informative and we had build a great relationship with our alumni. We acted as a bridge between the curious students who were interested in robotics and our alumni.

3)CODEATHON

OBJECTIVE:

The event “CODEATHON” is a monthly coding inter college competition. This aims at providing the participants the real world problem and ask to come up with a source code to solve it more efficiently. This was planned to conduct for three days and for this month it was successfully happened on 24-26 th September,2022.

PLATFORM: Hackerrank

DATE:24-26th September,2022

PROJECT OUTCOME:

The event was successfully conducted and 23 participants were participated and the feedback was way more positive and they insisted us to conduct this competition every month. The winners and the participants list is attached below for the reference.

PROJECT SUMMARY:

The event was conducted in an extraordinary way, thus the participants find it more helpful and challenging at the same time to test their coding skills. Thus we have planned to proceed to conduct this every month in order to boost their analytical and rational thinking. Eventually it also intensifies their problem solving skills to make them better software professionals.

CIAO

Event Name	CIAO		
Event Tagline	<i>A good beginning through fellowship</i>		
Event Chairman	Rtr. CHOUDARY S		
Reported by	Rtr. CHOUDARY S		
Event Date	24/07/2022	Venue / Platform	G-MEET/ONLINE
Event Duration	1.5HRS	Event Timing	4:30 PM TO 5:00 PM
Total number of Participants	18		
No. of Council members	0		
No. of Club members	18		
No. of other club members	0		
No. of General Public	0		
Motive	The event motive is to relieve the stress of the board members and to develop fellowship among them.		
Event Description	<p>The event started with an interaction between the board members. Everyone talked about their Rotaract journey in the Impact year and how they came to know each other in the club. They also mentioned the memorable events they have organized in the past and their achievements in last Rotary year. They explained what they did in the board task too.</p> <p>This interactive session was followed by an online multiplayer game - 'stumble guys'. It was fun and the members played 3 Rounds of the game. Rtr. Anurag won the game twice and the event ended with fun comments among each other about the game.</p>		
Impact made for	The board members.		
The outcome of the event	The event was a stress buster and fun. The board members got a chance to know each other better.		
Feedback (any 3)	<p>"Spent a quality time after so long through this amazing event. Got to know a lot about everyone's journey!! And not to forget the fun part of the event, THE GAME!! Had a nice time, thank you!! "</p> <p>"I liked this event " CIAO " and had a great time sharing their fond memories of Rotaract "</p> <p>"It was an amazing event Nice sharing Rotaract memories. The game was interesting "</p>

SYNERGISE

Event Name	SYNERGISE		
Event Tagline	<i>A session to interact with fellow juniors</i>		
Event Chairman	Rtr. CHOUDARY S		
Reported by	Rtr. CHOUDARY S		
Event Date	28/07/2022	Venue / Platform	G-MEET/ONLINE
Event Duration	1.5HRS	Event Timing	4:30 PM TO 6:00 PM
Total number of Participants	72		
No. of Council members	0		
No. of Club members	15		
No. of other club members	0		
No. of General Public	57		
Motive	The motive of the event is to make the juniors know about the works and functioning of the Rotaract club of GCT and to interact with them.		
Event Description	The event started with an intro to the Rotaract club by president Rtr. Hemananth S. He talked about the last year events and briefed the working of a Rotaract club. He mentioned the projects which the juniors would have attended, like Elixir-the flagship event, Codeguide and Tech Expo. Then the event moved on to the next segment 'life as memes' where various memes templates were shared and the seniors and juniors shared the incidents which reflected the meme templates. It had the college rants and it was fun. This segment was followed by another knowledgeable segment, where a short and crisp insight about the four avenues of the club and DPP was provided along with certain events which was held in those avenues last year. It was followed by the 'mirroroo' where the members shared their handwriting/drawings done with both hands and compared them, to compare the working of two sides of the brain. The event ended with a group picture and laughter.		
Impact made for	The event made an impact mainly on Juniors but also on seniors.		
The outcome of the event	Juniors had gained an idea about what Rotaract is before getting inducted as a Rotaractor. Senior-Junior interaction have also developed. This will support the juniors gaining good guidance from the seniors after getting inducted as a rotaractor. Everyone had a good time during the event.		
Feedback (any 3)	<p>“The event went nice and good. “</p> <p>“The event convener Rtr. choudary took the session single handily without any lag. It was a good and fun session.”</p> <p>“It helped us to know the club and now we are eager to join the club.”</p> <p>“The event was helpful to know the club activities and seniors.”</p>

ROCK YOUR KNACK

Event Name	ROCK YOUR KNACK		
Event Tagline	<i>Let's Knock the inner talents of PWDs!!</i>		
Event Chairman	Rtr. Roshna Parveen G		
Event Secretary	Rtr. Pavishna D		
Reported by	Rtr. Pavishna D		
Event Date	18/08/22	Venue / Platform	WVS Special School, Koundampalayam, Coimbatore.
Event Duration	1.5 hours	Event Timing	02:00 PM
Total number of Participants	26		
No. of Council members	0		
No. of Club members	11		
No. of other club members	0		
No. of General Public	15		
Motive	To interplay and emphasize talent and creativity in physically challenged people.		
Event Description	<p>In order to showcase the talent and creativity of specially challenged children, various games and activities were conducted. Around 15 children participated in this event. The event started by interacting with the specially-abled kids and then the finger painting activity was conducted, in which the kids dipped their fingers in paints and made beautiful paintings. Then, a colouring activity was conducted to the kids in which colouring sheets were distributed to the children and they coloured it. Once they completed their creative works with the support of our Rotaractors and they cherished it a lot. Then, some games with paper cups and balls were conducted, which over-joyed them. As we learnt they enjoy music, musical chair and dance activities were conducted. Some kids volunteered to sing us a song. Music related activities also enthused them a lot. At last, The children were awarded with smiley batches to encourage them for expressing themselves.</p>		
Impact made for	Specially Abled children		
Outcome of the event	<p>Pure happiness is found in nothing but in the innocent smile of a child. This event helped everyone to seek that happiness and helped the specially-abled children to express their creativity. This also gave whole new experience for the Rotaractors to interact with the specially-abled children and to know their world.</p>		
Feedback (any 3)	<p>"The event was splendid! I personally felt that this event was not just an event but it made me happier from the bottom of my heart, by spending the time with those superb kids. The smiles on their faces made my heart more satisfied. I am glad that I didn't miss this event in my hectic schedules. I feel that the event is incomplete since we weren't able to conduct few games which we organized, it's my humble request to complete the event at the earliest by doing it in another phase. Overall, the event was worthy and productive."</p>		

"It gives some valuable moment with special children's, and making their faces happy".

"This event gives happiness to the special children which made my eyes fill with water. But the timing of the event is little late so half of the plans got dropped. Please do complete the event in next phase at good timings to see happiness from those who are really special'ed to earth."

PROFESSIONAL SERVICE PROJECTS

TALENT INDIA

Event Name	TALENT INDIA		
Event Tagline	<i>A show case of young Indian talents!</i>		
Event Chairman	Rtr. Sowmiya B		
Event Secretary	Rtr. Sibi pradeep A		
Reported by	Rtr. Sibi pradeep A (Event Secretary)		
Event Date	12/08/22- 14/08/22	Venue / Platform	ONLINE
Event Duration	72 hours	Event Timing	04:00 PM
Total number of Participants	160		
No. of Council members	0		
No. of Club members	12		
No. of other club members	0		
No. of General Public	148		
Motive	To showcase young Indian talents by conducting interesting contest and aid them to express their hidden skills.		
Event Description	<p>On the occasion of 76th Independence Day, the contest series TALENT INDIA was conducted. It included three contests: Creative photography, Passionate poetry and Innovative presentation. Prior to the contest, the rules and guidelines for the event were circulated. For poetry and photography contests, the responses were collected in google forms from the participants which included the details like name of the participant, their institute and degree of study, contact details, Instagram ID and their submission for the contest. The collected entries were posted in the club's official Instagram page: rotaract_gct. For the presentation contest, the participants were allowed to form a team of 2 to 3 and register themselves for the contest. They were allowed to present on the topic 'Future India', 'How do you want India to be?' or 'How to make India better?' through google meet on the final day of the contest (14.08.2022). For all the 3 contests, the winners, runners and special mentions were selected by the Jury. For poetry and photography contest, number of likes were considered partially, as mentioned in the guidelines.</p>		
Impact made for	The participants and viewers.		
Outcome of the event	<p>We received more the 85+ entries for Creative Photography contest, 40+ entries for the Passionate Poetry contest and 10+ team registrations for the Innovative Presentation contest. The champions were selected by the Juries and prized will be sent to them.</p> <p>For the Photography contest, Saloni T, Krishna Prasath S and Surya Prakash B stood out to be the winner, runner and special mention respectively. For the Passionate Poetry contest, Chandrasekar SM and Akash were the winner and special mention in English poetry and Gayathri R and Abinaya R were the winner and special mention in Tamil poetry. In Innovative Presentation contest, Team Patriotic Men, Team Boss Bunch and Akshath Manikandan were winners, runners and special mention respectively.</p>		

This event made young people to express their hidden talents and to explore more about our nation. This would have made them more patriotic towards our nation and would have made them to think more about our India to make it a better place.

Feedback (any 3)

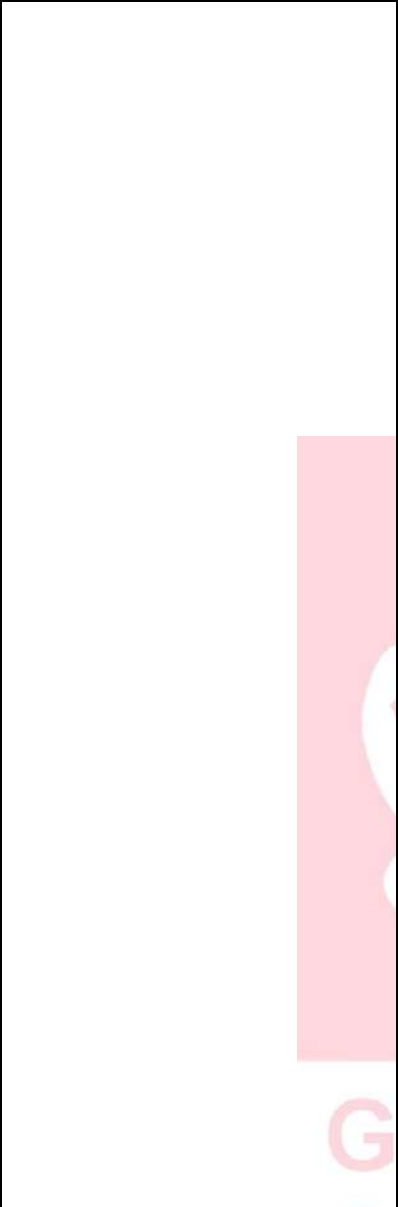

“Photography contest theme was very interesting that I explored more on try colour composition.”

“I got a chance to express my views about our nation. “

“We learnt how to present in a competition and had a good experience in facing Jury’s questions. “

Event Poster

The image shows two posters for an event organized by the Rotaract Club of GCT Coimbatore. The top poster is for 'Talent India', a showcase of young Indian talents. It lists three categories: Creative photography, Passionate poetry, and Innovative presentation. The event dates are August 12-14, 2022, and it is open to all college students. The event is chaired by Rtr. Sowmya B and secretaried by Rtr. Sibi Pradeep A. The bottom poster is for 'Creative Photography' with the theme 'Tiranga- tricolour (Saffron/orange, white, green)'. It provides a list of guidelines for participants, including that photos must be original, submitted in Jpg format, and that winners will be selected based on jury decision and number of likes. The event dates are August 12-14, 2022. A QR code and a Google Form link (https://forms.gle/M2ShKZ1nDFHpTQio6) are provided for registration. The coordinator is Rtr. Choudary S.

PASSIONATE POETRY

TOPIC: Freedom

📅 August 12 - August 14

GUIDELINES:

1. The topic of the poetry is FREEDOM. It can be any kind of freedom, not only our country's freedom.
2. The poetry will be posted in club's official Instagram page - rotaract_gct
3. The language of the poem can be either Tamil or English.
4. The poem should not exceed 12 lines
5. Plagiarism is strictly prohibited.
6. Work should be submitted in word document format.
7. Winners will be selected based on the jury's decision and number of likes.
8. Exciting Prizes will be distributed to the winners.
9. All participants will be provided with e-certificates.
10. Participants can submit their responses from August 12 to August 14.

RE-ROUTE

Event Name	RE-ROUTE		
Event Tagline	<i>Respond rather than react</i>		
Event Chairman	Rtr. Kaushika K		
Event Secretary	Rtr. Harini T		
Reported by	Rtr. Harini T		
Event Date	26/08/22	Venue / Platform	GCT Room No. 167
Event Duration	1 hour	Event Timing	04:45 PM
Total number of Participants	50		
No. of Council members	0		
No. of Club members	49		
No. of other club members	1		
No. of General Public	0		
Motive	To improve the participant's communicative skills, without hindering their inter-personal relationships and make them understand the importance and effectiveness of assertive communication.		
Event Description	<p>This was an ID session on developing one's communicative skills, the art of saying 'no'. The trainer of this session, Mrs. Vidhya Kodieswaran(Soft-skill trainer, Zone Trainer in Junior Chamber International) made it more clear about, how to prioritise things clearly and to project ourselves better in the job market as well as in community.</p> <p>The trainer spoke about the different way of communication. She issued some sheets for assessment and asked the participants to evaluate it on their own. This made the participants know how they react to different situations at different times. This made them more clear about Assertiveness and Aggressiveness.</p>		
Impact made for	The participants – Students.		
Outcome of the event	Most of the participants told that they will enhance their communication in small situations they face on a daily basis. They understood that communicating better can help in problem solving. They understood the difference between assertiveness and aggressiveness too. This will help them in future at many circumstances.		
Feedback (any 3)	<p>“The session was really interesting. We loved the session as the session so interactive. “</p> <p>“We really liked the session, it was so much informative and in the same way it was fulfilled and interactive. “</p> <p>“We really enjoyed the way the trainer interacts and she never missed to engage us. Also I liked the assessment she asked to do, that was really helpful for me to explore myself. Overall it was a good session.”</p>

MEETINGS

BOARD MEETING – 1

In order to discuss previous projects, upcoming plans and installation - orientation details, we had our first Board Meeting on 16.08.2022. The minute taker was Rtr. Sowmiya (Joint Secretary). Dignitaries who occupied the dais were President, President Elect, Secretary, Secretary Elect and Joint Secretary. The event was called to order by the President and it was followed by Rotaract prayer. President Elect delivered the Welcome address and Secretary Established the quorum. It was proposed and seconded by Rtr. Hiteshwaran and Rtr Dillip. The circulated meeting agenda was recited by the President and was adopted by everyone. It was followed by the Secretary Report. Then, the privilege was given to President Elect and Secretary Elect who talked about previous month projects and recognised the notable rotaractors for their significant works. In the Business of the meeting, upcoming plans, Avenue director ideas and installation-orientation works were discussed. At last, the event ended with a Vote of Thanks by Secretary Elect. President adjourned the meeting.

CLUB SERVICE PROJECTS

INHERIT'22

Event Name	INHERIT'22		
Event Tagline	<i>Where the passion passes on</i>		
Event Chairman	Rtr. Hemananth S		
Event Secretary	Rtr. Roshini M		
Reported by	Rtr. Roshini M		
Event Date	06/09/2022	Venue / Platform	GCT Alumni Auditorium
Event Duration	3 hours	Event Timing	10:00 AM
Total number of Participants	411		
No. of Council members	6		
No. of Club members	50		
No. of other club members	7		
No. of General Public	348		
Motive	To become the miracle maker of the Rotary year 2022-2023 officially and to install the new President for the Rotary year 2022-2023 along with new team of office bearers.		
Event Description	<p>INHERIT'22, the 8th Installation ceremony of the Rotaract club of GCT Coimbatore was held on 06.09.2022 at the GCT Alumni Auditorium. The Annual Secretary report was presented by the Outgoing Secretary Rtr. Jini J Tracy. The outgoing President Rtr. Jaishree G V presented her farewell speech followed by which she installed Rtr. Hemananth as the President by adorning the collar. The newly installed President introduced his team of office-bearers. After which, exchange of Club Charter was done by the outgoing Secretary Rtr. Jini J Tracy to the incoming Secretary Rtr. Roshini M. Sergeant at arms band was exchanged from Rtr. Dhamodaran, Sergeant at arms(21-22) to Rtr.Muhilan, Sergeant at arms(22-23). The Chief guest, Guest of honor and the special invitee addressed the gathering. Then we had felicitations by other club Rotaractors. For witnessing our special moment, we expressed our gratitude through handmade Token of Love. The installation ceremony ended with the incoming secretary, Rtr. Roshini M's Vote of Thanks.</p>		
Impact made for	The new team		
Outcome of the event	The President and new team of office bearers was installed and they could start their new Rotary year officially with a positive vibe.		
Feedback (any 3)	<p>"Good Luck for the new team to continue the pride and legacy of RaC GCT."</p> <p>"RaC GCT always stands out and mesmerizes everyone with unique works. Let's see what miracles the new team could do."</p>

INSIGHT'22

Event Name	INSIGHT'22		
Event Tagline	<i>General Club Orientation</i>		
Event Chairman	Rtr. Hemananth S		
Event Secretary	Rtr. Roshini M		
Reported by	Rtr. Roshini M		
Event Date	06/09/2022	Venue / Platform	GCT Alumni Auditorium
Event Duration	2 hours	Event Timing	02:00 PM
Total number of Participants	370		
No. of Council members	1		
No. of Club members	50		
No. of other club members	2		
No. of General Public	317		
Motive	To provide the newly inducted members with basics of Rotaract.		
Event Description	<p>In order to learn more about Rotaract, we had our Orientation on 06.09.2022. The session was handled by Rtr. Vijay Vignesh, a certified district trainer. We had a huge participation of more than 250 students who were willing to know about Rotaract. The session was carried in a very interesting and interactive way by the trainer. He covered almost everything to know about Rotaract including History of Rotaract, Geography of Rotaract, How Rotaract works, Important Portfolios and hierarchy, Why Rotaract and avenues of services. This made the session informative and beneficial.</p>		
Impact made for	The newly inducted members		
Outcome of the event	The newly joined members understood what Rotaraction is. They came to know the history of Rotaract and their role as a Rotaractor, which makes them more interested to do Rotaraction.		
Feedback (any 3)	<p>“The session was interesting. I came to know a lot about Rotaract.”</p> <p>"I loved the way the trainer handled the session.”</p> <p>“The session was interactive. I learned a lot.”</p>

ACT TO INTERACT

Event Name	ACT TO INTERACT		
Event Tagline	<i>Stage for fellowship</i>		
Event Chairman	Rtr. Choudary S		
Reported by	Rtr. Varsha Prakalya V P		
Event Date	26/09/2022	Venue / Platform	Room No.: 167
Event Duration	1 hour	Event Timing	04:30 PM
Total number of Participants	27		
No. of Council members	0		
No. of Club members	27		
No. of other club members	0		
No. of General Public	0		
Motive	To induce fellowship through friendship and to provide them a stage to express their talents.		
Event Description	Fellowship is the one that holds everything together. In order to strengthen the understanding among the fellow Rotaractors, to show themselves in a situation and know how the scenario makes the others behave – “Act to Interact” was conducted. Rotaractors acted in some real life situations which were funnier and chucklesome. The hilarious moments of their classroom scenario, semester exam scenario, hostel scenarios, outing scenarios and coffee shop scenario were shared. This event was to interact through acting. Through this, they expressed their inner-selves.		
Impact made for	The new Rotaractors		
Outcome of the event	Rotaractors had a good understanding among themselves and expressed their acting and narrating skills. The event participants made new friends through their interaction and acting skills.		
Feedback (any 3)	<p>“Super fun session.”</p> <p>“Loved the samantha story. Nice session.”</p> <p>“Great session by the way”</p>

EXCALIBUR

Event Name	EXCALIBUR		
Event Tagline	<i>The hand that holds pen writes history!</i>		
Event Chairman	Rtr. Roshna Parveen G		
Event Secretary	Rtr. Roshini M		
Reported by	Rtr. Roshini M		
Event Date	26/09/22	Venue / Platform	Government Middle School, Venkatapuram
Event Duration	1 hour	Event Timing	11:45 AM
Total number of Participants	15		
No. of Council members	0		
No. of Club members	12		
No. of other club members	0		
No. of General Public	3		
Motive	To help the underprivileged kids lift the power of education		
Event Description	<p>In order to make full-fledged education accessible to even the deprived kids, a stationery hub was set up in Government Middle School, Venkatapuram. Stationery items such as 35 blue ball pens, 5 ink pens, 10 black pens, 30 pencils, 10 erasers, 10 sharpeners, 10 scales, 5 compass, 5 protractors, 5 glue bottles, 1 Qr unruled sheet, 50 A4 sheet, 10 short size notes, 8 long size notes, 2 record notes, 2 stapler and pins, 10 charts, 5 files, 3 Qr ruled sheets and 5 gel pens were collected from the students of GCT Coimbatore and donated to the Government School. Teachers can provide it to the needy students based on the requirement. This event will be continued in other schools in further phases.</p>		
Impact made for	Deprived students of Government School		
Outcome of the event	Through this event, the underprivileged kids get access to essential stationery items which they couldn't buy and they get encouraged to learn as they are getting stationeries just like other kids.		
Feedback (any 3)	<p>“Parents used to complain that these kids demand stationeries which they couldn't buy them. Sometimes parents couldn't even provide the essential stationery items. Now these kids have got what they need.”</p> <p>“As this is a Government School, students get food, bags, books, uniforms and sketches provided by the Government. Stationery is what they do not have. So, this donation is helpful for them.”</p> <p>“These stationery can be provided them as an encouragement for any of their achievements which will motivate them further.”</p>

DISTRICT PRIORITY PROJECTS

BENEVOLENCE

Event Name	BENEVOLENCE		
Event Tagline	<i>Nothing is better for heart than reaching down and lifting people up!</i>		
Event Chairman	Rtr. Dilip Kumar M		
Event Secretary	Rtr. Roshna Parveen G		
Reported by	Rtr. Roshna Parveen G		
Event Date	18/09/22	Venue / Platform	Helping Hearts Oldage Home, Coimbatore
Event Duration	5 hours	Event Timing	10:00 PM
Total number of Participants	67		
No. of Council members	0		
No. of Club members	12		
No. of other club members	0		
No. of General Public	55		
Motive	To fulfil the needs of elderly residents on the occasion of World Grandparents day.		
Event Description	The event BENEVOLENCE is a District Priority Project which was conducted to fulfil the needs of elderly residents present in Helping Hearts Oldage home. Handsticks and food were donated to the needy people living in the oldage home and we had a good interactive time with them by conducting games like lemon in the spoon, Ball in the square and Music chair. Motivational and energetic talk were given at the last along with entertainment session to make them emotionally strong.		
Impact made for	Old people of Helping Hearts Foundation.		
Outcome of the event	The hidden skills of the old people were exposed and they had good and hygienic food as lunch. The good interactions between the people and rotaractors built strength in them and this made them to get out of their feelings about the past. The handsticks were donated for their physical support and well-being.		
Feedback (any 3)	<p>"The event was very joyful and provided the feel of seeing my own granddaughters and grandsons.</p> <p>"Thanks for arranging hygienic food for us. It felt glad that you all took part in the lunch time by interacting with us. Overall, the event was very satisfying."</p> <p>"This day enthused me because everyone did great interactions with us, Thanks for coming. Hope to meet you again."</p> <p>"The handsticks you gave was very useful for us and that satisfied and fulfilled our needs."</p>

RaC GCT RELEASES

MONTHLY BULLETIN

EXPRIMERE – July Edition

~ *Expressing Rotaraction*

Theme: TOURISM – A Journey

With age, comes wisdom. With traveling comes understanding.

~*Sandra Lake*

To allow the travellers to explore the beauty of tourism through the pages, we released our Monthly Bulletin EXPRIMERE – September Edition in both Tamil and English languages.

THE GCT TIMES

Newspapers have become more important to a person than the scriptures.

Through The GCT Times, we shared daily news under State, National, International, Sports and Science & Technology categories regularly by 07:30 a.m. on all days in both Tamil and English language along with an interesting fact for the day. Till now we have released 60 issues of The GCT Times. It was circulated throughout our college and also to others in our contact. This has helped the readers to be updated on day-to-day news and facts.

REMINISCENCE

Event Name	REMINISCENCE		
Event Tagline	<i>A run down through the memory lane</i>		
Event Chairman	Rtr. S. Choudary		
Event Secretary	Rtr. A. Rohith Roshan		
Reported by	Rtr. A. Rohith Roshan		
Event Date	04/10/2022	Venue / Platform	G-meet
Event Duration	1 hour	Event Timing	04:30 P.M.
Total number of Participants	44		
No. of Council members	-		
No. of Club members	39		
No. of other club members	5		
No. of General Public	-		
Motive	To create a bond between the past RaC GCT members and the current RaC GCT members and to celebrate the 10 th charter day with Past presidents and members.		
Event Description	In order to celebrate the 10 th Charter Day of RaC GCT, a meet was organized along with Past GCT Rotaractors. Various games were played in this meet which made it interesting and a fun Q/A session was also held, which added some spark to the event. The most celebrated part of the event was the video played which showed the 10 years legacy of RaC GCT and it contained the Charter day wishes from the Past Rotaractors along with their best RaC GCT memories.		
Impact made for	Participants		
Outcome of the event	Rotaractors have developed a beautiful bond with the past RaC GCT members and have gained their knowledge and love. The video made everyone feel proud of the 10 years legacy and made the Rotaractors get inspired by the effective Rotaraction.		
Feedback (any 3)	<p>“We enjoyed this event a lot. As you have started this event with games, it pulled us into the event. It was a beautiful event.”</p> <p>“I just enjoyed the event very much. I would like to have more events like this.”</p> <p>“It was a different event because we used to see past Rotaract members only in mega events and we won’t get a chance to talk to them but you guys have made us to talk with them, Thank you. And also, your video was nice.”</p>

Motive	To create a memory for our 10th Charter Day, the flowering plants are planted in the form of 'RaC GCT'.		
Event Description	In order to create a beautiful memory on our 10th Charter Day, the flowering plants were planted in such a way that it forms the word 'RaC GCT'. The flowering plants used here were Chrysanthemum and this work was done near the rotaract room. On the first day, the soil was dug and the spots for planting were marked. On the next day, the plants were planted and the soil was levelled. Everyone participated in this event with enthusiasm. The plants will be maintained by the Rotaractors in the following days.		
Impact made for	Rotaractors and visitors of Rotaract room.		
Outcome of the event	The word 'RaC GCT' was formed by planting flowering plants successfully. An alluring look to the Rotaract room was added and it will remain as an anamnesis of our 10th Charter Day. This event will be a great moment which we will be cherished for years and newly inducted Rotaractors gained knowledge about Charter Day through this event. By this group work unity was created among them and it made them feel that they are also responsible for nurturing budding plants.		
Feedback (any 3)	<p>"The event was wonderful and we made pleasant memories throughout the event. I'm so eager to watch the blossoms of the plants we planted during the event"</p> <p>"The event was awesome and it created a good memory."</p> <p>"For the first time we are all involved in field work and it was amazing."</p>

No. of Club members	9		
No. of other club members	0		
No. of General Public	0		
Motive	In order to know the problems the public/student is facing and give our effort to solve the social issues.		
Event Description	In order to get to know the various issues faced by the students and to support the student community by sorting out the genuine problems, QR codes has been placed around the GCT campus through which the students could share their queries. QR codes have been placed in Gallery, Open Auditorium, near a classroom, Canteen and near Main Gate. The issues will be addressed only if it is genuine. The details obtained through QR code will be maintained with high confidentiality. This initiative will be continued throughout this Rotary Year.		
Impact made for	Students of GCT Coimbatore		
Outcome of the event	Through the QR codes placed around the campus, till now 15 responses have been obtained and some of them were genuine. A few of them were same issues reported by multiple people. Steps are being taken to address these issues and the issue was taken to respective authority too, so that the problem will be eradicated completely.		
Feedback	<p>“An innovative initiative! Keep it up!”</p> <p>“Good efforts and good initiative.”</p>		
Event Poster	 <p>The poster is a dark blue graphic with white and light blue text. At the top, it lists logos for Rotary, Imagine People, and Rotaract. Below that, it identifies the 'ROTARACT CLUB OF GCT COIMBATORE' as being parented by the Rotary Club of Coimbatore East, Group 4, Rotary International District 3201. The main title 'REACH' is in large, bold, white letters, followed by the tagline 'The first step in solving a problem is to recognize that it does exist!'. A central graphic shows a smartphone displaying a QR code and a speech bubble that says 'A platform to listen to students' issues and take a step to solve them'. Below this, it says 'Scan the QR codes present around our campus to reach us and share your issues!'. At the bottom, it provides event details: 'GCT Campus', '07/10/2022', and '04:30 pm'. Contact information for the Event Chairman (Rtr. Pavithra V, 7598011257) and Event Secretary (Rtr. Vignesan T) is also listed.</p>

EXCALIBUR PHASE-2

Event Name	EXCALIBUR PHASE-2		
Event Tagline	<i>The hand that holds pen writes history</i>		
Event Chairman	Rtr. Roshna Parveen G		
Event Secretary	Rtr. Madhumitha V		
Reported by	Rtr. Madhumitha V		
Event Date	28/10/2022	Venue / Platform	Government Middle School, Kasthurinayakanpalayam, Coimbatore.
Event Duration	4 hours	Event Timing	12.00 P.M.
Total number of Participants	91		
No. of Council members	0		
No. of Club members	6		
No. of other club members	0		
No. of General Public	85		
Motive	To help the underprivileged kids lift the power of education by installing a stationery hub in their school.		
Event Description	<p>In order to make full-fledged education accessible to even the deprived kids, a stationery hub was set up in Government Middle School, Kasthurinayakanpalayam. Various games like listing words related to given topic, Dumb C and finding the given word were conducted to interact with the children. The children were also made to showcase their talents like singing, poem recitation, drawing and dancing. Stationery items were given as a token of encouragement to the students who expressed their talents and to those who won in the games.</p> <p>Finally, the stationery hub was installed at the school with the stationery items collected from the students of GCT in the presence of the headmaster. The stationery items donated include 30 pencils, 5 ink pens, 30 ball pens, 5 protractors, 10 erasers, 10 scales, 5 compass, 1 Qr unruled sheets, 2 ink erasers, 5 gel pens, 10 black pens, 10 sharpeners, 5 gum bottles, 2 Qr ruled sheets, 50 A4 sheets, 2 staplers, 5 files and 10 charts. It will be provided to the children when needed.</p>		
Impact made for	Student of Government Middle School, Kasthurinaikenpalayam.		
Outcome of the event	Through this event, the underprivileged kids could get access to the essential stationery items which they couldn't buy and this will help in uplifting the children. The interactions made by the rotaractors with the children brought up genuine smile. The children were so enthusiastic and enjoyed the whole event. The stationary items given as gift to the children to encourage their talents would motivate every student to come forward and exhibit their talents.		
Feedback (any 3)	<p>“When will you come back, we wish to see you soon.”</p> <p>“Thankyou so much for providing stationery items, these will be very helpful.”</p>

Motive	To make the orphanage kids experience Diwali like vibe by giving them joy and bringing sweet smile in their faces.		
Event Description	In order to enlighten the little kids and make them experience Diwali like vibe, various games were conducted in the orphanage home and sweets, prepared there by the Rotaractors on spot were distributed. Interesting games like musical chair, red letter – green letter, tongue twister and treasure hunt were conducted. In treasure hunt, hints and treasure were hidden inside the orphanage and the children explored the space completely to reach the treasure. Smiley badges were provided as the treasure to all the kids. At last, Rotaractors prepared a sweet (Rava Laddu) along with the children and provided it to the children, orphanage staffs and other people in the orphanage.		
Impact made for	Children of Nahomea Alms House		
Outcome of the event	The children were made happy and the family-bond like feeling was created with the children by the Rotaractors. Through the various games, they got a chance to explore their talents and express themselves. They gained an experience of “Diwali in home” through preparing sweets, sharing, and eating them.		
Feedback (any 3)	<p>“We had fun throughout the event. Treasure hunt and the smiley badges were our favourites.”</p> <p>“The gesture of preparing sweets and sharing it with us was very warm. The rava laddu was very tasty.”</p> <p>“On the whole, it was a fun event for the kids. Happy to see the children very cheerful as they were monotonously engaged with their regular routines every other day.”</p>

Motive	To create awareness about the visually impaired and signify the importance of white cane.		
Event Description	In order to make students understand the hardships and agony faced by the visually impaired people, an awareness session to let the students know about the methodologies of helping the visually impaired people and about the importance of signing using white cane was conducted. Science behind cornea donation to the low vision people was also taught to them. The event went with the flow of fun events and a skit, which eventually intrigued the notion of the significance of October 15 as the International White Cane day.		
Impact made for	Students of the Sevashram Trust		
Outcome of the event	The students were able to grasp the importance of treating the visually impaired people as equals and also came to know the pain of living in the dark.		
Feedback (any 3)	<p>“The drama was perfect and it taught us that all are equal.”</p> <p>“The information about Cornea donation was really interesting, informative and very new to hear.”</p> <p>“The overall event was motivating to help the blind people and the games were also fun.”</p>

KANITHAN

Event Name	KANITHAN		
Event Tagline	<i>To learn the Hidden Secret of Math</i>		
Event Chairman	Rtr. S. Suriya		
Event Secretary	Rtr. R. Poornima Shree		
Reported by	Rtr. R. Poornima Shree		
Event Date	26/10/2022	Venue / Platform	GCT Room No: 167
Event Duration	1 hour	Event Timing	4:40 P.M.
Total number of Participants	56		
No. of Council members	0		
No. of Club members	45		
No. of other club members	0		
No. of General Public	11		
Motive	To learn the hidden secrets of mathematics and make mathematics simple by learning vedic maths.		
Event Description	In order to make mathematics simple, a session on vedic maths was held. Vedic maths is a collection of methods to solve numerical computations quickly and faster. It consists of 16 formulae and 13 sub formulae, which can be applied to the solving of problems in arithmetic, algebra, geometry, calculus, conics, etc. The session was handled by Mr. Yogeshwaran, Pre-final year student, GCT. He taught square root, cube roots and various methods to multiply and divide the numbers easily. The participants volunteered to solve some problems in front of others. The session was very interactive and the doubts were also cleared then and there.		
Impact made for	Participants		
Outcome of the event	Through this event, the participants learnt collection of methods and sutras to solve numerical computations quickly and faster. This methods can be implemented by the participants in tests and interviews to save some time and do smart work.		
Feedback (any 3)	<p>“The session was very useful and informative and the trainer was so friendly.”</p> <p>“During my school days, I hated maths. But this event was so interesting and made me enjoy mathematics.”</p> <p>“The event was very interesting and useful. The trainer made the session interactive and he clearly clarified many of our doubts.”</p>

Mr. & Ms. DHOLAKPUR

Event Name	Mr. & Ms. Dholakpur		
Event Tagline	<i>The crown reaches the righteous!</i>		
Event Chairman	Rtr. Kaushika K		
Event Secretary	Rtr. Pavishna D		
Reported by	Rtr. Pavishna D		
Event Date	07/11/2022	Venue / Platform	GCT room no: 167
Event Duration	1.5 hours	Event Timing	4.30 P.M.
Total number of Participants	18		
No. of Council members	0		
No. of Club members	18		
No. of other club members	0		
No. of General Public	0		
Motive	To experience the feel of being a part of pageant by using the elegance, skills and talent of their own to win the crown		
Event Description	<p>The event Mr. & Ms Dholakpur is a club service event which was conducted to showcase the talents and creativity of our Rotaractors. In this event, the participant's skills and talents were tested in 4 levels. At first, the participants were asked to eat the biscuit without using their hands while placing the biscuit in the forehead. The second round was ramp walk in which the participants were limited to bring out their creativity only with the things present inside the room. The third level of test was the interview, to know their presence of mind. And finally physical test was conducted where boys were made to take the push-ups and girls were made to walk by placing the bottle on their head. Marks were awarded based on their performance. The one who got the highest marks were crowned as Mr. & Ms. Dholakpur. The participants felt happy for being part of this event and enjoyed it a lot.</p>		
Impact made for	Rotaractors		
Outcome of the event	It was a fun-filled event with lots of excitement and sounds of laughter. By the end of the event, fellowship and special bonds among the Rotaractors were created.		
Feedback (any 3)	<p>"It was a fantastic event and filled with the sounds of laugh and I enjoyed it a lot"</p> <p>"Thanks a lot, for conducting the event. It's a really awesome event and was very enjoyable."</p> <p>"Good event. Had a good time with you all "</p>

FUNCON

Event Name	FUNCON		
Event Tagline	<i>Life is enjoyment, enjoy it!</i>		
Event Chairman	Rtr. Sivagovind G U		
Event Secretary	Rtr. Vignesh V		
Reported by	Rtr. Vignesh V		
Event Date	08/11/2022	Venue / Platform	GCT Room no:167
Event Duration	1 hour	Event Timing	4:40 P.M
Total number of Participants	78		
No. of Council members	0		
No. of Club members	48		
No. of other club members	0		
No. of General Public	30		
Motive	To make the Rotaractors interact among themselves, play fun games and solve some puzzles.		
Event Description	In order to tighten the bond between the Rotaractors, many interesting games were conducted, including brain teasers, puzzles and guess the movies. These games were conducted after splitting the participants into various teams. In guess the movie, a member from each team was made to act and make the others identify the movie. In another round, member from each team was made to deliver a movie dialogue and others were made to identify the movie name. The team which scored maximum points was declared as the winner of the event.		
Impact made for	Members of Rotaract Club of GCT Coimbatore.		
Outcome of the event	The participants had a lot of fun, got relaxed and made memories throughout the event.		
Feedback (Any 3)	<p>“We really enjoyed this 1 hour a lot. This event reduced our stress levels and made us laugh.”</p> <p>“After a day full of boring lectures, this event made our mind and body relaxed.”</p> <p>“This event gave me an opportunity to interact with our fellow Rotaractors.”</p>		
Event Poster	 <p>The poster features the Rotary and Rotaract logos at the top. It identifies the event as 'FUNCON' organized by the 'ROTARACT CLUB OF GCT COIMBATORE', which is parented by the 'Rotary Club of Coimbatore East, Group 4 Rotary International District 3201'. The tagline 'Life is enjoyment enjoy it' is prominently displayed. Below the tagline, it states 'Building new friendships by conducting some fun events'. The central graphic shows several people working together to assemble large puzzle pieces. At the bottom, the event details are listed: 'GCT Room No: 167', '08.11.2022', and '04:30 pm'. Contact information for the Event Chairman (Rtr. Sivagovind G U) and Event Secretary (Rtr. Vignesh V) is provided at the very bottom.</p>

LET US GUESS

Event Name	LET US GUESS		
Event Tagline	<i>Adorn your life with games!</i>		
Event Chairman	Rtr. Malini E		
Event Secretary	Rtr. Kanila V		
Reported by	Rtr. Kanila V		
Event Date	10/11/2022	Venue / Platform	Room number: 167
Event Duration	1hour	Event Timing	4.40 -5.40P.M.
Total number of Participants	36		
No. of Council members	0		
No. of Club members	36		
No. of other club members	0		
No. of General Public	0		
Motive	To make the Rotaractors brain active, improve logical thinking and create fellowship.		
Event Description	This event was conducted to create bond between the club members and to induce there logical thinking. The club members were split into seven teams with four to five members in each team. In first half of the event, Sudoku puzzles of equal difficulty were distributed to each team and they were asked to solve the puzzle in 10 minutes. The points have been given in the basis of correct answers, their team coordination and time taken for completion. In second half of the event, word guessing games was conducted. In this game, a team member was asked to describe a given word and other members of the team was made to identify the word within one minute. Points were given based on time taken to identify the word. Winners of each game was announced at the end of the event.		
Impact made for	The Rotaractors		
Outcome of the event	Trust, fellowship and coordination between the Rotaractors were built. The participants got a chance to test their mental skills.		
Feedback (any 3)	<p>“I had a great time! Since I always loved sudoku, I enjoyed it a lot while solving it with my team. I was laughing throughout the event!”</p> <p>“It was an awesome event. The games were engaging and interesting.”</p> <p>“The event chairman and the event secretary did a good job and conducted the event very well. They made the event interactive too.”</p>

No. of General Public	3		
Motive	To eradicate plastic wastes around GCT campus		
Event Description	<p>In this first phase of the event PLASTI-COMPOST, many places of GCT campus such as gallery, canteen, footpath, science block, all the departments and its surroundings were cleaned. In the first day (20th September '22) of the event many volunteers were required for clearing the plastic wastes and about 15 bags of plastic wastes were cleared just on the very first day. In the second day (1st November '22) of the event comparatively reduced amount of plastic wastes were noticed in the campus but still, about 10 bags of plastic wastes were cleared. In the third day (8th November '22) of the event some more vast areas of the campus were cleansed and about 7 bags of plastics wastes were collected. Finally, on 15th November '22, the great reduction in the plastics wastes in the campus was witnessed and about 3 bags of plastic wastes were collected.</p>		
Impact made for	The GCT students and Environment		
Outcome of the event	<p>Many students noticed the Rotaractors cleaning the campus and made a statement that they would think once before throwing any waste. So, through this event, the public has been made aware about the negative impacts of plastic and the need to eradicate it.</p>		
Feedback (Any 3)	<p>“You are doing a great job. Continue till we make everyone aware of their mistakes”</p> <p>“Good initiative from Rotaract Club of GCT Coimbatore. All the best for your event to be successful “</p> <p>“Your action makes us to feel bad to through any waste in the campus. We would think once before throwing any wastes “</p>

Motive	To help the students to upskill themselves for facing placements by providing them coding skills.		
Event Description	<p>In order to support the students by helping them attain programming knowledge, coding sessions were conducted every week on Tuesdays and Wednesdays of November, 2022. The syllabus covered were “Basics to Advance of Frontend Development”. The sessions were handled by Final year students of GCT. As all the students of GCT must gain access to student-friendly web development coaching, the session was open also to Non-Rotaractors also.</p> <p>After explaining about the course flow in Introductory session, the trainers covered the Basics of HTML in Session1, HTML and CSS in session 2, Tables and forms in HTML in session 3, CSS in session 4 and JavaScript in session 5.</p>		
Impact made for	Students of GCT		
Outcome of the event	The interactive theoretical cum practical sessions made learning more interesting and easy to grasp. Students from non-computer science background also got benefitted through this event.		
Feedback (any 3)	<p>“It is very good to see beneficial self-development sessions from Rotaract. I learnt about HTML and Web development. I hope this will be helpful for my placements.”</p> <p>“This is the first coding class I’m attending, apart from academics. It’s new to me. The seniors who took classes for us were very friendly. They made coding easy to understand.”</p> <p>“This is an awesome idea to conduct coding classes to students. I liked it so much, but I think I need some more sessions to make it fulfilled.”</p>

Motive	To create awareness about the importance of kindness among the children.		
Event Description	In order to create awareness among the kids about kindness, an event filled with character building activities and puppet show was conducted. To make the students easily understand the moral values, a puppet show which showed them about the value of kindness was enacted by the Rotaractors. From this the children learnt how to help someone when they need something. A color hunt game and a freeze game were also conducted to entertain the kids and to develop a team spirit among them. The students were very eager to participate in the games and enjoyed it very much. At last, all the students were provided with a customized gift as a token of love. Also, the handmade puppets were gifted to the school.		
Impact made for	Students of the Government middle school, Vadavalli.		
Outcome of the event	By the end of this event, the children gained the knowledge about kindness and how to behave kindly to others. They also had a good time enjoying the activities while gaining some moral values.		
Feedback (any 3)	<p>“The event was amazing. I watched the puppet show for the first time. I enjoyed it and had so much fun.”</p> <p>“Event was very awesome and the story which explains the kindness was fantastic. I really enjoyed the event with the children present there.”</p> <p>“You guys explained that how the fifth sense beings are living with love, kindness and care, through your puppet show and it was really amazing. This helped the small children to understand the session and they also enjoyed it a lot.”</p>

TALK CONFERENCE

Event Name	TALK CONFERENCE		
Event Tagline	<i>Thrive for the best!</i>		
Event Convenor	Rtr. Kaushika K		
Reported by	Rtr. KaushikaK		
Event Date	24/11/2022	Venue / Platform	GCT room no: 167
Event Duration	1 hour	Event Timing	4.40 P.M.
Total number of Participants	21		
No. of Council members	0		
No. of Club members	21		
No. of other club members	0		
No. of General Public	0		
Motive	To provide a platform for an open discussion on social issues by creating an environment like Model United Nations and to arrive at a possible solution for the issue.		
Event Description	In order to provide a platform for an open discussion on social issues, a summit was conducted, where all the participating members had put forth their thoughts on the given topic. For this month, we spoke about the social issue, GENDER EQUALITY. All the delegates talked for about 3 minutes regarding the issue. When one participant was speaking the other participants keenly noted it down. After everyone's chance was over, we had an open discussion where we re-winded the key issues and finally we highlighted the points and came to a conclusion.		
Impact made for	Rotaractors		
Outcome of the event	Many thoughtful ideas leading to gender equality in college level was streamlined. Many had overcome the fear of delivering a speech in front of others.		
Feedback (any 3)	<p>"Had a great opportunity to speak for myself!"</p> <p>"Always I have been waiting for a place to talk about societal problems, finally got one."</p> <p>"United Nations is an inspiration for me, and I got to participate in a mimic of it"</p>		
Event Poster	 <p>The poster features logos for Rotary, Imagine Greater, and Rotaract. It identifies the event as 'TALK CONFERENCE' organized by the 'ROTARACT CLUB OF GCT COIMBATORE', parented by the 'Rotary Club of Coimbatore East' (Group 4 Rotary International District 3201). The tagline is 'THRIVE TO BE THE BEST'. The poster describes it as 'A model United Nations experience with an enthralling discussion' and includes an illustration of a person speaking at a podium. At the bottom, it lists the date (24/11/2022), time (4:40 pm - 5:40 pm), location (GCT Room No: 167), contact number (7998011257), and the event convenor (Rtr. Kaushika K).</p>

CEREBRA

On the account of World Children's Day

Event Name	CEREBRA		
Event Tagline	<i>Boosting brains. Building smiles.</i>		
Event Chairman	Rtr. Madhumitha V		
Event Secretary	Rtr. Harishramakrishnan A		
Reported by	Rtr. Madhumitha V		
Event Date	22/11/2022	Venue / Platform	Government special school, Thondamuthur
Event Duration	2 hour	Event Timing	10.30 am
Total number of Participants	30		
No. of Council members	0		
No. of Club members	5		
No. of other club members	0		
No. of General Public	25		
Motive	To make no one feel left out, to socialize and interact with the special children. Spreading smiles.		
Event Description	<p>On behalf of World Children's day, various activities were conducted in Government special school, Thondamuthur to socialize and interact with the children. Biscuits were distributed. Colour based activity was conducted which would help to improve the visual perception. Segregation and arrangements of coloured paper of a shape were held to boost their brain functioning. These activities were performed by dividing them into groups and were helped by the club members and the school staffs.</p> <p>We also made origami paper bird, so that they use their fingers to fold and unfold the paper and this will help them to improve body parts coordinate with the brain's signal. Finally, handmade batches were distributed to the children which had their names and the titles as per their wish. By printing everyone's hands on a chart glued to the wall, memory chart was created at last.</p>		
Impact made for	Special children		
Outcome of the event	The children were so happy seeing the crafts made by themselves. They were so joyful on completing each of the activities. This would have helped them socialize and would have kindled their thinking capacity.		
Feedback (any 3)	<p>"This made the children to make a craft of their own."</p> <p>"It is an immense pleasure having you here."</p> <p>"All the activities conducted were innovative and suitable for them."</p>

RaC GCT INITIATIVE

REACH

The first step in solving a problem is to recognize that it does exist!

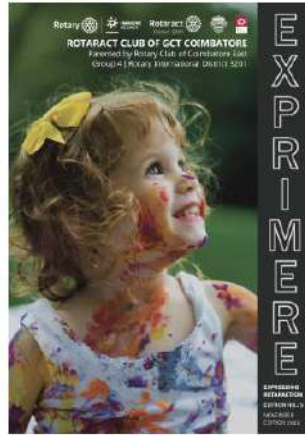

In order to get to know the various issues faced by the students and to support the student community by sorting out the genuine problems, QR codes has been placed around the GCT campus through which the students could share their queries. QR codes have been placed in Gallery, Open Auditorium, near a classroom, Canteen and near Main Gate. The issues will be addressed only if it is genuine. The details obtained through QR code will be maintained with high confidentiality.

Through the QR codes placed around the campus, till now 16 responses have been obtained and some of them were genuine. Repairing ladies restroom in main block which was clogged badly was a major and repeated query. The query about restroom repair was passed to the appropriate authority (Sanitary Inspector). Often emphasis was made for cleaning. Now the restroom has been cleaned and it's now in usage.

Through REACH, we are letting the Students to reach us and get a solution to their problems!

Motive	To support the orphan children in career by sharing them the knowledge about various opportunities after higher studies.		
Event Description	The orphan children of the Nanmanam Orphanage, who were in their higher secondary schooling were provided with the complete knowledge of wide ranges of career options and fields available after higher studies. A talk on importance of goal setting and ambition, perseverance and hard work were also given to the children by our Rotaractor. Small games were conducted in between the talks to encourage them to be relaxed. Also, the children shared their future plans and discussed about it over the breakfast and lunch provided by RaC GCT.		
Impact made for	Orphan Children		
Outcome of the event	Children gained insights about the wide opportunities and fields available after higher studies and got a chance to introspect what they want to do in life. They enjoyed the games and loved the food.		
Feedback (any 3)	<p>“Our children enjoyed the presence of the Rotaractor.”</p> <p>“I felt delighted to know about the career options. Thanks for helping us.”</p>

TINY TIDY

Event Name	TINY TIDY		
Event Tagline	<i>Thrive for the best!</i>		
Event Convenor	Rtr. Kaushika K		
Reported by	Rtr. Kaushika K		
Event Date	31/01/2023	Venue / Platform	Little Champions International School, Madurai.
Event Duration	1 hour 30 mins	Event Timing	11:30 a.m. to 1:00 p.m.
Total number of Participants	23		
No. of Council members	0		
No. of Club members	1		
No. of other club members	0		
No. of General Public	0		
Motive	To improvise the clean habits and daily routine of little kids at their young age.		
Event Description	The Little Champions International School was visited, as the kids greeted with huge smile. An introduction about the need for Cleanliness and Hygiene on a daily basis to healthy life to the kids were given by the trainer Mrs. Nithya. Then, the cards with slogans on hygienic practices were distributed and it was explained to them. Then, the students were asked to colour the chart paper with the slogans. They did it wonderfully and later feedback were collected. Finally, sweets were distributed and it was ensured that all the kids washed their hands before and after consuming the cookies.		
Impact made for	Kinder Garten kids from varied background.		
Outcome of the event	Most of the kids admitted that they had not followed most of the points which was given to them. And they were so enthusiastic that they would follow it from today onwards and ensured to tell their parents as soon they reach home in the evening. Seeing the kids keenly listening and asking various doubts with imaginary situations was refreshing.		
Feedback (any 3)	<p>“Thank you we will follow the steps you taught us!”</p> <p>“I will ask my parents also to follow the measures you had told us.”</p> <p>“We liked the colouring part and the cookies you gave for us to eat.”</p>

DISTRICT PRIORITY PROJECTS

BLOOD DONATION

Event Name	BLOOD DONATION		
Event Tagline	<i>Be The Reason for Someone's Heartbeat</i>		
Event Convenor	Rtr. Dilip Kumar		
Reported by	Rtr. Rohith Roshan		
Event Date	07/01/2023	Venue / Platform	Institute of Chartered Accountant of India, RS Puram
Event Duration	7 hours	Event Timing	08:30 A.M.
Total number of Participants	9		
No. of Rotarians	33		
No. of Club members	9		
No. of other club members	14		
No. of General Public	20		
Motive	To save lives of many people through blood donation		
Event Description	<p>In order to donate blood and save lives, the Rotaractors of Rotaract Club of GCT Coimbatore, along with Rotary Club of Coimbatore East, 123Coimbatore.com and Rotaract Clubs of CIT, Unity, PSG Krishnammal and PPG hosted the Blood Donation Camp. The camp was happening for the whole day and many volunteers came forward and donated the blood. Before collecting the blood of the volunteers, their health condition was checked to know whether they are eligible to donate their blood. About 76 volunteers have donated their blood, of which 23 were Rotaractors. The Rotaractors of Rotaract Club of GCT Coimbatore reached the venue by afternoon, got their health checked and donated blood. 9 donors from RaC GCT have donated their blood. The blood donors were allowed to leave the venue after a few minutes of rest.</p>		
Impact made for	Public		
Outcome of the event	The donated blood will be used for saving life of many people.

PAWARE

Event Name	PAWARE		
Event Tagline	<i>Time spent with animal is never wasted!</i>		
Event Chairman	Rtr. Muthu Belsy G		
Event Secretary	Rtr. Abi M		
Reported by	Rtr. Muthu Belsy G		
Event Date	29/01/2023	Venue / Platform	Cesar Pet Care, Perur
Event Duration	2 hours	Event Timing	10:00 A.M.
Total number of Participants	18		
No. of Council members	0		
No. of Club members	17		
No. of other club members	1		
No. of General Public	0		
Motive	To build a responsible community, that treats and loves animals equally.		
Event Description	In order to build a responsible community, that treats and loves animals equally, Cesar Pet Care, Perur was visited. The pet care centre takes care of the dogs which was left by their owners on temporary basis too. Facts and details about various breeds of dogs sheltered there was learnt. Vaccination status of the dogs were explained by the dog care taker. Detailed knowledge about how to feed tablets to the pets were also explained by the dog care taker. How to keep the animals and its surroundings hygienic and sanitized was also taught by him. Then, the Rotaractors played with the dogs for some time.		
Impact made for	Rotaractors		
Outcome of the event	How to effectively take care of pets were learnt. Unforgettable memories with the pets were created and Rotaractors played with the pets like Bruno, Ceero and Appu.		
Feedback (any 3)	<p>“It was a nice experience. If we had learnt the same information heard that day through the reading material, it would have been boring. But when the care taker taught it to us, it was interesting. Even I am not a pet lover. Yet, I would like to spend some time with pets in future.”</p> <p>“I really enjoyed the event. I love pets, especially dogs. They are so cute and adorable. And due to this event, I learnt how to take care of dogs. If I get a pet in future, I'm sure that I am capable of taking care of it. Thanks for this wonderful event.”</p>

RaC GCT RELEASES
MONTHLY BULLETIN
EXPRIMERE –January Edition
~ Expressing Rotaraction
Theme: Culture and Language

"A different language is a different version of life."

To experience and share the pride of our culture and our language, we released our Monthly Bulletin EXPRIMERE – January Edition in both Tamil and English languages.

THE GCT TIMES

Newspapers have become more important to a person than the scriptures.

Through The GCT Times, we shared daily news under State, National, International, Sports and Science & Technology categories regularly by 07:30 a.m. on all days in both Tamil and English language along with an interesting fact for the day. Till now we have released 183 issues of The GCT Times. It was circulated throughout our college and also to others in our contact. This has helped the readers to be updated on day-to-day news and facts.

No.of Rotarians	: 10

Description :

"If you want to run, run a mile. If you want to experience a different life, run a marathon."

To create awareness about deleterious cancer on behalf of 'World Cancer Day' and to spread the words that 'Cancer is not lethal, but delaying makes it fatal', Mega-Marathon was conducted along with our parent Rotary, Rotary Club of Coimbatore East and SLV Hospital & Cancer Centre. The marathon was conducted for both boys and girls under 3 categories: 2.5km, 5km and 10km. The participants were provided with T-shirts. The event started with inaugural ceremony and the MoCs for the event were, Rtr. Harini Thavamani, Rotaract Club of GCT Coimbatore and Rtr. Kaveen Ganesh, Rotaract Club of CUG. The event coordinators, Dr. Suresh Venkatachalam - Director of SLV Hospital & cancer centre, Rtn. Dr. A Nirmala - The chief Guest of the day, Rtr. Hemananth, President - Rotaract Club of GCT Coimbatore, Rtn. Rajesh Chinnaswamy, Youth Service chairman, Rotary Club of Coimbatore East and Rtn. Jayakumar, President of Rotary club of Coimbatore East occupied the dias and kickstarted the marathon.

The refreshments (Tender coconut, sprouts, coffee and biscuits) were distributed. The participants who successfully completed the marathon were given a participation certificate. The top 5 finishers in each category were considered as winners and were rewarded with the medal and a certificate. The event ended with the valediction ceremony which was done along with the price distribution.

At last the main motto of the event, to create cancer awareness among the public was accomplished. The participants actively participated in the marathon with zeal. The volunteers had the satisfaction that they have worked together for a good cause.

Description :

"Travelling in the company of those we love is home in motion"

To experience fun and frolic with club members and to connect with nature, a journey to Munnar was done. The trip started started off with night drive. Munnar welcomed with early morning sunrise, with serenity everyone moved to the villa rooms. Day 1 started with Jeep Safari followed by Waterfalls and Sunset trekking in the evening. The most enjoyed day ended with a pleasant camp fire. The next day the dam was reached and boating and echo point were enjoyed. After a fun photoshoot at the view points and topstations and some time was spent in shopping. Finally, the crew departed from Munnar and arrived to Coimbatore in the early morning. It was a great adventure and fun filled experience for the Rotaractors and had a good connect with nature.

Project with	: Rotaract
Venue / Platform	: GCT Rotaract Room
No.of Rotaractors	: 47
No.of Rotarians	: 0

Description :

"Gratitude is the powerful catalyst of happiness."

In order to show gratitude to the janitors, who are the strong reason behind pleasant environment, a session was conducted to recognise them and to make them happy. This event was conducted jointly with Rotaract Club of Rajalakshmi Engineering College, RID 3232. Scavengers of the campus were invited to assemble in the Rotaract Room and various enjoyable games like ball-basket game, action-communication game, etc. were conducted for them. The janitors also sportively participated in the games and enjoyed the session. They sang, danced and cherished the event. At last, gratitude was expressed to the Janitors by thanking them for their work and by providing each of them a gift. This event have acknowledged the most appreciated but never noticed works of the Janitors of GCT and REC by expressing our gratitude towards them.

Venue / Platform : Eden Garden Nursery, Vadavalli and Forest Boundary of Marudhamalai Hills
No.of Rotaractors : 14
No.of Rotarians : 0

Description :

"Embrace your wild side!"

On account of World Wildlife day, an event to create awareness about human elephant conflict and to provide some knowledge about forestry and Wildlife Conservation was conducted. In this event, the Rotaractors were taken to Eden Garden Nursery, Vadavalli to create awareness about human elephant conflict in the guidance of Mr. Thangaraj Panneerselvam. He is a Retired Forest Range Officer who made everyone to know more about his experience in the forest and struggles he faced throughout his working period. Also, he shared the knowledge about natural flora and fauna conservation. He encouraged the Rotaractors to create awareness on conservation of wildlife. Then, the participants were taken to the Forest boundary near Marudhamalai Hills along with some wildlife experts from Wildlife Conservation Trust, located near Vadavalli. In the forest boundary, more facts about the elephant habitat, obstacles they are facing and damages they had done whenever they enter into the village were learnt. The presence of some deer inside the forest area were witnessed. More information about how to protect one's self during the human elephant conflict and also from other animals were also learnt. This event made us to know more about the wildlife species, their conservation, natural resources and experiences of the Forest Range Officer.

Description :

"Dreams become reality when we put our mind to it!"

On account of World Rotaract Week, a parallel sports fest was conducted for the children of 3 different orphanages on the Sunday morning, with the motive of evoking the talents of the young minds. The fest in Don Bosco Anbu Illam, Ukkadam, The Sevashram Trust, R.S.Puram and Mariyalaya Girls Orphanage, Athipalayam started with an inaugural ceremony. Each set of volunteers volunteered different games and kept the children engaged throughout the fest. Sports events like Basket Ball, Throw Ball, Foot Ball, Kabaddi, Kho-Kho, Running Relay, Carrom Board, Chess, Table Tennis, Lemon and Spoon, Bottle Filling and Dodge Ball were conducted. After a sequence of events, in each orphanage, refreshments were provided to the children. At the end of event, certificates and recognitions were distributed to the children. Winners were provided with medals for individual events and shields for group events. Participation certificate was provided to all the participants. The DRR visited the Sevashram trust and Don Bosco Anbu Illam while games were going on and he had small talk with the kids and appreciated them for the spirit and involvement in sport games. The children were made happy about the day spent in sports and athletics and they were able to bring out their inner skills in sports by the platform the Rotaract club of GCT Coimbatore made.

Description :

"Every great design begins with an even better story."

Along with GCT IEEE Student Branch, a visual designing workshop was conducted. A minimal registration fee of Rs.80 was collected from all the participants and participants were announced to bring their own laptops. Around 117 participants registered and attended the event. As the participants started assembling, they were helped to install the software in their laptop. The event started with an Inauguration ceremony in the presence of Dr. Ilamathi mam (Staff Coordinator of RaC GCT) and Dr. Ranjith Kumar sir (Staff Coordinator of GCT IEEE Student Branch).

It was a one day - 6 hour event in which Participants of first, Second and Third year students of GCT Coimbatore actively participated. The topics such as basics on visual designing, tools in Adobe illustrator and Adobe photoshop were taught by the designers Rtr. Anurag Sachin, Rtr. Srijevalakshmi and Mr. Thoufik Abdullah and complete guidance were given to the participants. Their doubts were cleared on the spot. In between the sessions, icebreaker rounds were conducted to keep the participants active throughout the event. Refreshments such as Watermelon juice and Tea-biscuits were provided to the participants in fore noon and evening breaks. As the final session, Participants were made to design a poster and a logo on their own. Recognitions were given to the best logos and posters and the first registered participant by giving a Token of Love.

By the end of the workshop, participants had a deeper understanding of how to create designs that are both aesthetically appealing and effective in achieving their intended purpose.

Description :

"Building brains for a better tomorrow!"

The way of learning for each student differs. Some cannot understand in the first time and may need extra support. To help the students, RaC GCT's new initiative FOSTER was introduced. Through this initiative, utilizing the volunteers the students can learn and clarify their doubts any time. They can interact with RaC GCT volunteers in online through telegram channel "FOSTER RaC" and through telegram calls. It was also informed to students that Offline classes can also be conducted on requisition basis. It was ensured that career guidance can also be obtained. Students can obtain help in counseling process to join the engineering and agriculture colleges. Other helps like stationery need can also be fulfilled through this initiative. All the information about FOSTER RaC was clearly informed to students in all the 3 schools - Government High school, Koundampalayam, Government middle school, Thudiyalur and Government High school, Thondamuthur. Also, to make the students clear about the initiative, 1 hour of doubt clarification session was provided to the students in each school by dividing them into various groups. Through this initiative, anything possible to make the education phase of students better will be done.

"Get a performance, make it a good one."

To help the Rotaractors overcome their stage fear and to give them a chance to express themselves, an opportunity to talk was created for the Rotaractors. Every participant were given a topic on spot and were given 8 minutes to prepare a talk on that topic. The instructions given to them were that the participants should stand on the stage and speak in front of every other participants, the participants should speak for at least 90 seconds, the participants must try to maintain proper body language and posture and that the participants should try and use English while speaking. To conclude the Rostrum talk with a fun note, "Elbow Basketball" was conducted. In this, the participants were made to hold the ball using their elbows and drop it from a certain height, such that the ball must fall into the plastic cup placed on the desk. This event acted as a spot for the Rotaractors to express their views and to come out of their stage fear shell.

ANBIN KARAM

Event Name	: ANBIN KARAM
Chair Name	: Rtr. Sneha M and Rtr. Loyala Jeffrin
Event Date	: 04-04-2023 - 04-04-2023
Event Time	: 11:00
Avenue of Service	: Community Service
Project with	: Self
Venue	: Government Hospital, Coimbatore
No.of Rotaractors	: 11
No.of Rotarians	: 0

Description :

"Giving what we have to those in need, multiplies its value."

The motive of this event is to support the in-patients in Government Hospital, Coimbatore, who are poor to eat healthy and get well soon. Proper permissions were obtained from the Dean of the Government Hospital, priorly to distribute healthy fruits and biscuits to the patients in TB Ward and Skin care ward. Fruits such as apple, pomegranate, mosambi and banana, along with milk biscuits were packed as separate packs. The healthy fruit packs were distributed to the 7 patients in the skincare ward and to the 8 patients in the TB ward. Some more packs were distributed to the needy patients present in and around the hospital. Totally, 30 Packs were distributed. By distributing fruits and biscuits, a healthy life was promoted among the patients who were unable to buy these products due to lack of money. This will support them to eat healthy and get well soon.

Description :

"Newspapers have become more important to a person than the scriptures."

Through The GCT Times, we shared daily news under State, National, International, Sports and Science & Technology categories regularly by 07:30 a.m. on all days in both Tamil and English language along with an interesting fact for the day. Till now we have released 272 issues of The GCT Times. It was circulated throughout our college and also to others in our contact. This has helped the readers to be updated on day-to-day news and facts. This event will be continued throughout this Rotary year.

THREADS4HOPE

Event Name : THREADS4HOPE
Chair Name : Rtr. Raghul and Rtr. Muthulakshmi
Event Date : 02-04-2023 - 02-04-2023
Event Time : 09:00
Avenue of Service : Community Service
Project with : Self
Venue : Don Bosco Anbu Illam, Ukkadam
No.of Rotaractors : 17

Description :

"Paint the colours of Rotaract."

To showcase the pride of RaC GCT through art, the Rotaract room was painted with Rotaract based theme. The rotary wheel and RaC GCT logo were drawn and painted in one side of the wall. Then, I ♥ RaC GCT, Elixir and Zeal were painted in another side of the wall. Then, a fingerprint tree, with the fingerprints of the Rotaractors were painted at the other side wall. Exclusively, black, red and white colours, the primary colours in RaC GCT logo were used to paint the Rotaract Wheel, Club logo, Elixir and I ♥ RaC GCT. Zeal was painted with its theme colour Pink and black. Multi colours were used for the fingerprint tree to showcase the variety of RaC GCT. It was a fun filled event with lots of talks, arts and sounds of laughter. By the end of the event, fellowship and special memories were created. Pride of RaC GCT were printed in the Rotaract room walls and it will be reminisced forever.

PABULUM Phase -2

Event Name	: PABULUM Phase -2
Chair Name	: Rtr. Nisha Sri E and Rtr. Preethalakshmi L
Event Date	: 04-04-2023 - 04-04-2023
Event Time	: 12:00
Avenue of Service	: Community Service
Project with	: Self
Venue	: Humane Animal Society, Seeranaickenpalayam
No.of Rotaractors	: 11
No.of Rotarians	: 0

Description :

"Good food is the foundation of genuine happiness!"

To cherish the happiness in being with pets and to show care and love to pets, food and treats were fed for the furry friends. Raw rice, approximately above 45 Kg were collected from the nearby houses and 10 Kg of pedigree were bought. These were provided in Humane Animal Society. In the HAS, an orientation session was conducted for the Rotaractors, in which Ms. Athira explained what are all the services ongoing in their society, about the pre and post sterilization care unit and also the responsibilities of the youth in protecting the animals. After this, Ms. Abinaya, one of the assistant, started preparing food and treats for the dogs. Rotaractors helped her in serving the puppies and it was the best moments. At last, colourful token of love made by the Rotaractors were provided to the HAS assistants and they were all happy by the initiative. All the dogs in the shelter were happy, playing with the Rotaractors and the Rotaractors also had some peaceful moments being with them. Through the Orientation, the value of dogs and our responsibilities to save them were understood.

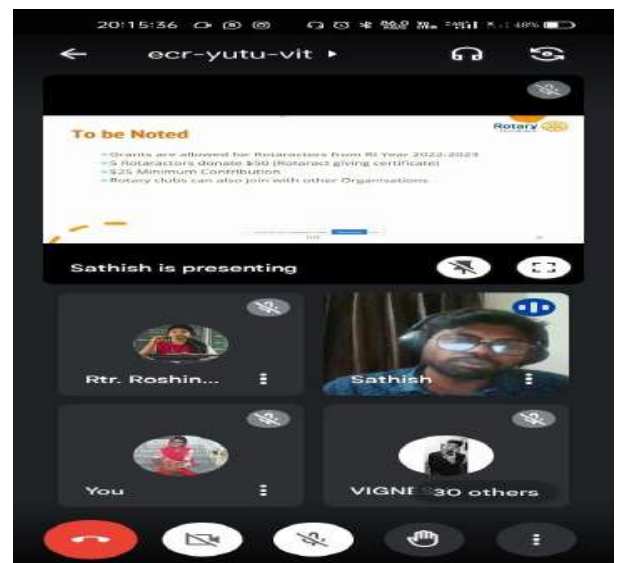

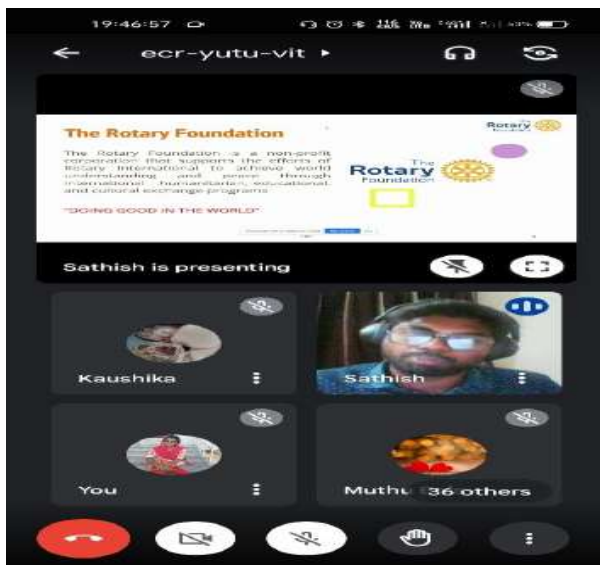

What is TRF?

Event Name	: What is TRF?
Chair Name	: Rtr. Salmaa A S
Event Date	: 07-04-2023 - 07-04-2023
Event Time	: 19:30
Avenue of Service	: Professional Service
Project with	: Self
Venue	: G-Meet
No.of Rotaractors	: 38
No.of Rotarians	: 0

Description :

"Knowing what we do well is important for doing what we do as best."

The event was conducted to create a general and basic knowledge of what TRF is. The session was handled by the Certified District Trainer Rtr. PP. Thangapantieyaan, District Secretary – Correspondence. The session went in an interactive mode and smoothly. The basics of The Rotary Foundation including the funds and the grants in The Rotary Foundation along with the roles of The Rotary Foundation were taught to the rotaractors. Through this session, the Rotaractors gained lots of information about what TRF actually is and how it functions.

RESILIENCE

Event Name	: RESILIENCE
Chair Name	: Rtr. Kaushika K
Event Date	: 11-04-2023 - 11-04-2023
Event Time	: 16:30
Avenue of Service	: Professional Service
Project with	: Self
Venue	: GCT Campus
No.of Rotaractors	: 25
No.of Rotarians	: 0

Description :

"Success is not final, failure is not fatal, it is the courage to continue that counts."

The event was planned to create an awareness to the participants about the importance of failure and what a valuable teacher it is in life for the success. The District Trainer Designate Rtr. Sanmathi gave a kickstart by asking the participants to fill top 3 embarrassing or failure moments in life. Then the participants were segregated into five groups in random assortment. Later each group had a jumbled hero name about whom they searched and got to know. After the background search of the heroes whom each team had, the trainer gave a deep view at their life from failure to success and how they had overcome it. The stories of the personalities made us look from a different perspective. Later, we had the most interesting part of the session where all the participants were asked to search for a hidden treasure. After the successful completion of the treasure hunt, the sticky notes had an encrypted message. The trainer revealed the beautiful message as the names of 5 books, which we can read to learn more about how to handle failure properly. By the end of the session, every participant had gained some ways, how he/she could handle their failures in an effective way and turn it into a stepping stone for success.

SWAGGY STEPS

Event Name	: SWAGGY STEPS
Chair Name	: Rtr. Harish S
Event Date	: 14-04-2023 - 14-04-2023

Avenue of Service	: Club Service
Project with	: Self
Venue	: GCT Campus
No.of Rotaractors	: 21
No.of Rotarians	: 0

Description :

"Siblings are someone to share your sorrows and happiness."

On account of World Siblings Day, to reminisce the best moments with our siblings, a joyful event was conducted. At first, to express the love for siblings, participants were asked to draw something which represent their love towards their siblings. Then, participants were grouped into different teams and they were made to narrate the story from the PPT, initially shared in the teams. At last, Participants were asked to write a letter to their siblings, and as a dare they were asked to give it to their siblings. Token of love was distributed to every participant. Through this event, the participants spent a moment of time just to cherish and reminisce their love for their siblings. Also, they have made their siblings happy by giving them a lovely letter on this World Siblings Day.

ENGLISH ADAPTATION

Event Name	: ENGLISH ADAPTATION
Chair Name	: Rtr. Josey Lourdes and Rtr. Charchil V
Event Date	: 12-04-2023 - 12-04-2023
Event Time	: 16:30
Avenue of Service	: Club Service
Project with	: Self
Venue	: GCT Campus
No.of Rotaractors	: 22
No.of Rotarians	: 0

Description :

"The best way to improve our English Language skills is to learn by twisting the classics."

The motive of this event was to have fun with English classics and play games to strengthen our knowledge on greatest works of English. The event started with an icebreaker round of story building. Then, each person was asked to choose a chit that gave information about the team they would be on the subsequent rounds. The next round was word building and the words were of Victorian origin. The next round was Alternate, where they were asked to change the ending of famous Shakespearean plays into a specified genre. The next round was dumb charades with classic movies. The plot line of these movies were discussed. For the last round, 2 players were chosen at random and were asked to perform block and tackle on an abstract topic with music as a cue to change the side. Both the players were declared winners and were awarded as Maestro of English. Through this event, the Rotaractors improved their knowledge of the works of Shakespeare and vintage movies. They got a chance to play with English, as well as to improve their speaking skills, while having fun.

Project with	: Self
Venue	: GCT Campus
No.of Rotaractors	: 33
No.of Rotarians	: 0

Description :

"Have fun to survive."

To promote fellowship among the members of the club, a 4 segment game-filled session was conducted. The 4 segments include 'Identifying True or False', in which a participant stated a statement about themselves and the other participants identified whether it is true or false, 'Finding the song from the lyrics' in which a song's lyrics was read by one of the participants and the other participants were made to find the song and sing it, 'Think alternately' in which two participants were called and were asked to speak a conversation between them with totally irrelevant replies to each other and 'Ball Fake Game' in which the ball made with the shawl was used to play a ball fake passing faking game. The event was fun-filled and was a stress buster.

UZHAVAM

Event Name	: UZHAVAM
Chair Name	: Rtr. Pradhossana and Rtr. Atchaya
Event Date	: 15-04-2023 - 15-04-2023
Event Time	: 08:00
Avenue of Service	: Professional Service
Project with	: Self
Venue	: Cholai Vanam Natural Farming, Sular
No.of Rotaractors	: 8
No.of Rotarians	: 0

Description :

"Our healthy quest for a better life."

To give awareness about natural farming and to seed the idea of natural farming in the young minds, Cholai Vanam Natural Farming was visited and an awareness session on Natural Farming was held. The session was handled by Mr. Prabhakar, who is well experienced in the field of natural farming. The basic practices followed in our agriculture were taught. Hands-on practice were also done. The difference between our traditional farming and the modern agriculture was made clear. A detailed knowledge was gained about our food culture and organic agriculture. Through this event, people gained insights about the natural farming and food culture which will increase the knowledge on healthy food and hazardous food culture. This session made the young minds aware that Agriculture is not only a profession, it is livelihood of people in many aspects.

POND OIKOS

Event Name	: POND OIKOS
Chair Name	: Rtr. Muthu Belsy G

No.of Rotarians	: 0

Description :

"Clean Environment, Green Environment."

To reduce the effect of Eutrophication and save pond ecosystem, the Periyaniyakenpalayam pond, affected by Eutrophication was partially cleaned. From the edges, the dense algal colonies were removed using sticks. After cleaning, promoting afforestation, Thuja saplings were planted around the pond. Through this event, the public was made aware about the necessity to clean the pond and a step was taken to save pond ecosystem.

REFUGE OF LOVE

Event Name	: REFUGE OF LOVE
Chair Name	: Rtr. Joeshitha T A and Rtr. Dharini C
Event Date	: 16-04-2023 - 16-04-2023
Event Time	: 11:00
Avenue of Service	: District Priority Projects
Project with	: Self
Venue	: Helping Hearts Orphanage, Coimbatore
No.of Rotaractors	: 6
No.of Rotarians	: 0

Description :

"Home is where the heart is!"

To provide safe and secure space to homeless and handicaps, an effort to help the orphans and handicaps in the streets of Coimbatore by joining hands with the Helping Hearts Old Age Home was embarked. The initiative was started by looking for orphans around Marudhamalai and Gandhipuram bus stand. Unfortunately, a suitable person to send to the old age home was not found, which prompted us to broaden our search further. Luckily, four persons were located outside the Government Hospital of Coimbatore. After enquiring them, their willingness to join the old-age home were known. Subsequently, two members from the Helping Hearts Old Age Home arrived at the area and investigated further. Eventually, two suitable men of approximately age above 60 were found to join the home. But only one of them was rescued while the other will be rescued weeks later as per his wish. Due to a serious injury in his leg, the rescued man was immediately transported to a hospital for assessment and treatment. He will be sent to the home within a week once he gets cured by the members of Helping Hearts Old Age Home. Through this, we helped the orphans and handicaps by providing them a safe and secured place where they could get proper care and treatment.

CONNECT4CLIMATE

Event Name	: CONNECT4CLIMATE
Chair Name	: Rtr. Kiruthikaa T and Rtr. Afreena Fathuma

"Cleanliness is Godliness."

To clean the trashes and create a hygienic clean environment, the Venkatapuram area was cleaned. The cleaning process was started from the Venkatapuram bus stand and moved to other nearby areas. The garbages were picked using hand gloves. The wastes picked were divided into biodegradable and non-biodegradable. Biodegradable and Non-biodegradable wastes were separately discarded by dropping into two different dustbins. Through this event, the stagnant waste piles in the area were cleared and the unclean area was turned pleasant. This event promoted "cleanliness is godliness" among the public.

Description :

"Let your imagination be your wings."

To let the people explore through their own imagination, a games-filled session was conducted. The session was started by playing a blindfolded drawing game, to let the participants see things through their imagination. Then, many interesting games related to imagination were conducted for the Rotaractors. Games like 'solve the puzzle' and other team work games were conducted. Through this event, positivity was spread with some imagination based tasks. The participants also had good time and fun.

HANDY-WINDY

Description :

"Good crafts for good relations."

To support the hardworking road-side vendors tolerate the hot weather, handmade eco-friendly fans were provided to them. A conversation was built with the road-side vendors and other workers to know about their difficulty in their jobs and how there woks are doing these hot summer days. Many workers such as fruits sellers, Construction workers, watchman, etc., present near GCT Campus, Venkitapuram and Saibaba Colony were provided with the eco-friendly fans. Through this event, the vendors were made happy as we regonised them. They were supported to get a momentary relief from the hot sun. Also, the handicraft workers who create the handmade palm leaf fans got promoted.

RRR

Event Name	: RRR
Chair Name	: Rtr. Shahith Buhari M and Rtr. Pradhossana A
Event Date	: 23-04-2023 - 23-04-2023
Event Time	: 11:00

Project with	: Self
Venue	: Saibaba Colony, Coimbatore
No.of Rotaractors	: 21
No.of Rotarians	: 0

Description :

"Reduce, Recycle, Repurpose"

The motive of the event was to convert the waste notebooks into valuables and perform a valuable contribution. The event was conducted as 2 phases. In phase 1, old used notebooks and waste papers were collected from the students in all the boys and girls hostels of GCT. The papers were collected after properly conveying the moto of the event to the students. In phase 2, all the notebooks and papers were properly compiled and sold to a junk store - Karthika Metal Mart, located in Venkitapuram. About 160 Kgs of scrap were sold with Rs. 20Kg of income. This raised amount will be used to perform a valuable contribution in the society. Through this event, we created awareness about the concept of recycle and repurpose. Also, we made sure that wastes can be converted into treasure. This will help reduce the pollution too, by recycling and reusing.

DANCE WORKS

Event Name	: DANCE WORKS

Event Time	: 10:00
Avenue of Service	: Professional Service
Project with	: Self
Venue	: The Sevashram Trust
No.of Rotaractors	: 11
No.of Rotarians	: 0

Description :

"Learning tuned with fun!"

To create an idea on how fun could be inculcated in learning the language English while it is generally considered to be a tiring and more effort-requiring job, the event "Philomath" was conducted at Sevashram Trust. The students were taught the aspects of LSRW of the language English. For "Listening" activity, word building memory game was done there where consecutive words were asked to be said by the children. For "Speaking", tongue twisters were practiced. For "Writing", four non-relatable pictures were given and they were asked to write a story in a stipulated time of 20 minutes. Finally, for "Reading" activity, short stories were taught to be read to them. Apart from these, little other fun games throbbed their interest of learning tuned with fun. The event gave them insights about practicing in the order of LSRW to ace the fluency and knowledge over the language. Also it sowed ideas on how interesting, the process of learning can be done.

FEATHERS

Event Name	: FEATHERS
Chair Name	: Rtr. Joeshitha T A and Rtr. Sangeeth Kumar K
Event Date	: 24-04-2023 - 24-04-2023
Event Time	: 16:30
Avenue of Service	: Community Service
Project with	: Self
Venue	: GCT Campus
No.of Rotaractors	: 14
No.of Rotarians	: 0

Description :

"One who feeds a hungry animal feeds their own soul."

The event "Feathers" was based on the idea of feeding birds in our community with food and water by setting up Bird Feeders. The feeders were created using plastic cans, coconut shells, and used bottles. Feeders were installed in multiple locations throughout GCT, including near the powerhouse, outside the department of IBT, near the department of ECE, in the workshop, and near the alumni building. The feeders will be watered and filled with food regularly. This event mainly focused on helping our local birds. Through this, Birds in our locality were fed with food and water.

Espirit De Causatum

Event Name	: Espirit De Causatum
Chair Name	: Rtr. Madhumitha V and Rtr. Jeeva A
Event Date	: 25-04-2023 - 25-04-2023
Event Time	: 10:00
Avenue of Service	: Community Service
Project with	: Self
Venue	: Government Creche, Thudiyalur
No.of Rotaractors	: 3
No.of Rotarians	: 0

Description :

"When we give cheerfully and accept gratefully, everyone is blessed."

In order to help the children in the daycare with no basic facilities, necessary things were provided to them. When Government Crèche, Thudiyalur, was visited, Incharge of that Creche informed that they are lacking even the basic needs. That Creche consists of 20 children, but there were no fundamental facilities. The children were seated in the scorching heat without any mat. To support them, bedsheets, pillows, mats and other materials like crayons were collected from the GCT seniors who vacated the hostels. These essentials were given to the crèche and this would be very helpful to the children. Fans and few other items will be given to them later. This contribution of fundamental needs will be very supportive for the daycare children's comfort. It was ensured that the kids felt cared and comforted.

SAVVY GEEKS

Event Name	: SAVVY GEEKS
Chair Name	: Rtr. Harish and Rtr. Harshini Priyanna
Event Date	: 25-04-2023 - 25-04-2023
Event Time	: 16:30
Avenue of Service	: District Priority Projects
Project with	: Self
Venue	: GCT Campus
No.of Rotaractors	: 30
No.of Rotarians	: 0

Description :

"Blaze your brain."

Under Youth Power in District Priority Projects, in order to create awareness about the psychometric test among the students of GCT and to help them start preparations for the placements, this event was organised. This event covered both the verbal and non-verbal part of the psychometric test. The flow of the event was taken in the form of a competition. In Round-1, Aptitude questions were given to the participants. This round was conducted in online by Telegram's Quiz Bot. The quiz covered all the possible interesting 15 questions and each question had 45 seconds of duration to answer. Based on the time taken to complete the quiz and accuracy of the answer the leader board was announced. In Round-2, the verbal capability was checked through a Group Discussion. Each of the teams were given topic based on the social needs and current happenings. In Round-3, the top two participants who performed very well in the past two rounds were selected and given with hypothetical-mysterious questions to test their creativity and problem solving ability. This event gave a clear cut idea about the interview processes and the ways to face the interviews during our placements and the other technical interviews like GATE, TNPSC, UPSC, BARC and so on.

EXCALIBUR Phase 8

Event Name	: EXCALIBUR Phase 8
Chair Name	: Rtr. Roshna Parveen G
Event Date	: 28-04-2023 - 28-04-2023
Event Time	: 12:00
Avenue of Service	: Community Service
Project with	: Self
Venue	: Panchayat Union Middle School, KNG Pudur
No.of Rotaractors	: 2
No.of Rotarians	: 0

Description :

"If you can give cheerfully and accept gratefully, everyone is blessed."

To support the needy children in their education, by making stationery supplies not a hindrance, a stationery hub was set up in the Panchayat Union Middle School, MGR Nagar with the stationery items collected from the Rotaractors. The hub was installed in the presence of the headmaster. The things provided were 30 pencils, 30 ball pens, 10 gel pens, 10 black pens, 10 erasers, 10 sharpeners, 5 Compasses, 5 protractors, 10 scales, 5 gums, 2 Qr Ruled sheets, 50 A4, 1 stapler, 5 files and 10 charts. The Staffs and the Headmaster were intimated to provide the stationery items to the children whenever needed and also as a token of appreciation. A set of stationery items were also distributed to some of the students. This would encourage the students to come forward to express their potential and would be beneficial towards their improvement. Through this event, many government school children get benefitted. This will be very helpful for the children who are struggling with their necessary stationery supplies.

Outcome of the event	<p>Through this event, people of GCT were able to analyze their health. Vasan Eye Care, one of the partnered hospital offered fee concession for all GCT students and this can be availed when the students show</p>

	<p>their ID card. We also played a role in saving lives of the people by donating the blood.</p>
<p>Feedback (any 3)</p>	<p>“Elixir'23 was well planned and carried out in organized manner It was very helpful for the students, staffs and non-teaching staffs of GCT. The volunteers guided all the students well. The awareness charts made by them were very innovative and it was interesting to see the photo corner. They provided refreshments for the blood donors. Overall, it was a good effort made by the members.” - Rtr. Harini</p> <p>"Elixir is emotionally connected to me! And I personally took a liking of the oval designs you have put down creatively except that one disappointment which is rain. As an overall feedback the event was so good, the food was so good, and finally the achievement in blood donation and the checkup is marvelous." - Rtr. Dhilepan</p> <p>" The event elixir was well organized. The volunteers and doctors were friendly. The check-up gave me good results and so was the event." - Rtr. Anurag Sachin</p>
