Motive	To interplay and emphasize talent and creativity in physically challenged people.		
Event Description	In order to showcase the talent and creativity of specially challenged children, various games and activities were conducted. Around 15 children participated in this event. The event started by interacting with the specially-abled kids and then the finger painting activity was conducted, in which the kids dipped their fingers in paints and made beautiful paintings. Then, a colouring activity was conducted to the kids in which colouring sheets were distributed to the children and they coloured it. Once they completed their creative works with the support of our Rotaractors and they cherished it a lot. Then, some games with paper cups and balls were conducted, which overjoyed them. As we learnt they enjoy music, musical chair and dance activities were conducted. Some kids volunteered to sing us a song. Music related activities also enthused them a lot. At last, The children were awarded with smiley batches to encourage them for expressing themselves.		
Impact made for	Specially Abled children		

Outcome of the event	Pure happiness is found in nothing but in the innocent smile of a child. This event helped everyone to seek that happiness and helped the specially-abled children to express their creativity. This also gave whole new experience for the Rotaractors to interact with the specially-abled children and to know their world.
Feedback (any 3)	"The event was splendid! I personally felt that this event was not just an event but it made me happier from the bottom of my heart, by spending the time with those superb kids. The smiles on their faces made my heart more satisfied. I am glad that I didn't miss this event in my hectic schedules. I feel that the event is incomplete since we weren't able to conduct few games which we organized, it's my humble request to complete the event at the earliest by doing it in another phase. Overall, the event was worthy and productive."

	<p>"It gives some valuable moment with special children's, and making their faces happy".</p> <p>"This event gives happiness to the special children which made my eyes fill with water. But the timing of the event is little late so half of the plans got dropped. Please do complete the event in next phase at good timings to see happiness from those who are really special'ed to earth."</p>

"Home is where the heart is!"

To provide safe and secure space to homeless and handicaps, an effort to help the orphans and handicaps in the streets of Coimbatore by joining hands with the Helping Hearts Old Age Home was embarked. The initiative was started by looking for orphans around Marudhamalai and Gandhipuram bus stand. Unfortunately, a suitable person to send to the old age home was not found, which prompted us to broaden our search further. Luckily, four persons were located outside the Government Hospital of Coimbatore. After enquiring them, their willingness to join the old-age home were known. Subsequently, two members from the Helping Hearts Old Age Home arrived at the area and investigated further. Eventually, two suitable men of approximately age above 60 were found to join the home. But only one of them was rescued while the other will be rescued weeks later as per his wish. Due to a serious injury in his leg, the rescued man was immediately transported to a hospital for assessment and treatment. He will be sent to the home within a week once he gets cured by the members of Helping Hearts Old Age Home. Through this, we helped the orphans and handicaps by providing them a safe and secured place where they could get proper care and treatment.
