\*\* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard.

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

$M$  is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

$M_q$  is the qualifying marks for general category candidate in the paper

$\bar{M}_t$  is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$ , is the score assigned to  $M_q$

$S_t = 900$ , is the score assigned to  $\bar{M}_t$

In the GATE 2021 score formula,  $M_q$  is 25 marks (out of 100) or  $\mu + \sigma$ , whichever is greater. Here  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

### General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

M<sub>q</sub> is the qualifying marks for general category candidate in the paper

M<sub>t</sub> is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

S<sub>q</sub> = 350, is the score assigned to M<sub>q</sub>

S<sub>t</sub> = 900, is the score assigned to M<sub>t</sub>

In the GATE 2022 score formula, M<sub>q</sub> is 25 marks (out of 100) or μ + σ, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

## General Information

GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

$M$  is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

$M_q$  is the qualifying marks for general category candidate in the paper

$M_t$  is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$ , is the score assigned to  $M_q$

$S_t = 900$ , is the score assigned to  $M_t$

In the GATE 2022 score formula,  $M_q$  is 25 marks (out of 100) or  $\mu + \sigma$ , whichever is greater. Here  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

2. Accept your offer by emailing us, including your Applicant ID: 001204046, at [accepts@gre.ac.uk](mailto:accepts@gre.ac.uk).

4. Once your deposit is received, complete the pre-CAS checks and begin the Student visa application process.
5. Receive your CAS, and apply for your Student visa.

**Fee status**

The University has determined that you should pay fees at the Overseas rate. This assessment has been made based on the information you have provided. If you disagree with this assessment or your circumstances have changed, information on how to appeal this decision is available at <https://www.gre.ac.uk/finance/fees/how-your-fees-status-is-assessed>.

If your programme of study is greater than one year, the tuition fee paid for each subsequent year of study will be the same as the fee for your first year of study (listed above). We would only consider an increase to the fee rate for continuing students to reflect the increased cost of delivering the course in subsequent years. Further information regarding tuition fees is available at <https://www.gre.ac.uk/finance/fees/international-fees>.

**Confirming your place**

To accept or decline your offer, please email [accepts@gre.ac.uk](mailto:accepts@gre.ac.uk) within 28 days with your decision. **Visa Information**

As an international student, you may require a visa to study with us. It is your responsibility to ensure that you are in possession of a valid visa for studying at the University.

Most students will obtain a visa by applying for a Student visa from the UK Government. In order to apply for this visa, you will require a Confirmation of Acceptance for Study (CAS) number issued by the University of Greenwich. The University will begin the CAS issuance process once you have paid the £3,000 pre-registration deposit, or have provided proof of sufficient financial sponsorship. You must also complete other pre-CAS issuance checks. More information on the visa requirements can be found at <https://www.gre.ac.uk/visa/before-you-arrive>. If you are unsure whether you require a Student visa, please email us at [casrequests@gre.ac.uk](mailto:casrequests@gre.ac.uk).

Further guidance on visas and immigration can be found at <https://www.gov.uk/student-visa/apply>. For independent advice, you can refer to <https://www.ukvisa.org.uk/Information-Advice/Visas-and-Immigration/Student-immigration-the-basics>.

**How to pay**

The pre-registration deposit is the first payment of your tuition fees and reduces the amount payable on registration. It also qualifies you to begin the CAS process for your Student Visa application. The University encourages students to use the Western Union payment platform, WU GlobalPay for Students, which allows you to pay fees in your local currency and significantly reduces payment fees charged by your bank. See <https://www.gre.ac.uk/finance/fees/how-to-pay-your-fees> under 'International Students' for further details on how to make your payment to us.

Any deposit payments you make to us are subject to our Charging and Refund policies. This and all other university policies regarding payment of tuition fees can be found at <https://docs.gre.ac.uk/rep/sas/charging-and-refund-policy>.

**The contract between you and the University**

Please read the Terms and Conditions (<https://www.gre.ac.uk/about-us/governance/legal-information/terms-and-conditions>) which apply to the information contained in our prospectus (<https://www.gre.ac.uk/subjects>). By accepting the offer of a place with us, you'll be accepting these terms and conditions and they'll form part of the contract between you and the University if you register as a student.

If you accept our offer, you'll be asked to agree to the University's Principal Conditions of Registration when you register as a student. These are also part of the contract between you and the University. The Principal Conditions of Registration for the current year are available at <https://docs.gre.ac.uk/rep/sas/principal-conditions-reg> and can be downloaded and saved for future reference. They include a summary of significant or unusual terms which we recommend that you read. The Principal Conditions of Registration are updated annually and may be updated before you

register, all changes will be notified to students on the university website and any significant changes will be communicated to you via email.

You'll have the right to cancel the contract between you and the University within 14 days of registering as a student, as explained in the Principal Conditions of Registration (<https://docs.gre.ac.uk/rep/sas/principal-conditions-reg>). See Withdrawal and Interruption of Studies for the process and relevant forms.

By registering as a student, you'll also agree to accept the University's Student Regulations, Policies and Procedures. The current year's versions are available at <https://www.gre.ac.uk/student-services/regulations-and-policies>.

### Students under 18 years at the time of registration

If you'll be under 18 years of age at the time of registration, or under 18 years of age at the time of applying for a visa, the university will undertake certain arrangements to fulfil our duty of care, as detailed in the Under 18s Policy (<https://www.gre.ac.uk/student-services/regulations-and-policies>). It's a condition of registration that your parent or guardian confirms, via return of the Parents/Guardians Consent Form, their acceptance of these arrangements. The form is available to download at <https://www.gre.ac.uk/student-services/regulations-and-policies>.

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

$M$  is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

$M_q$  is the qualifying marks for general category candidate in the paper

$\bar{M}_t$  is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$ , is the score assigned to  $M_q$

$S_t = 900$ , is the score assigned to  $\bar{M}_t$

In the GATE 2021 score formula,  $M_q$  is 25 marks (out of 100) or  $\mu + \sigma$ , whichever is greater. Here  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

5. The scholarship agreement is also terminated, if the Student announces that s/he will interrupt the Programme. In such case the Student is obliged to inform the coordinator of the Programme in advance of the interruption to avoid possible undue payments of the scholarship. If instalments have been paid even though the Student has not attended the Programme anymore, the university will start its internal reimbursement process.
6. The scholarship agreement is also terminated, if the Student has misrepresented his/her past and/or his/her present circumstances.
7. If the scholarship payments are terminated and if the Student wants to continue in the Programme as a self-funded student, the Student must cover the participation costs, including the tuition fee, him/herself.
8. According to the Universities Act 27.6.1997/645 (and amendment 30.7.2004/715), the targeted completion time for a second-cycle university (Master's) degree is two academic years. This Agreement covers the targeted completion time. However, a student accepted to study for such a Master's degree has the right to complete his/her degree two years past the targeted completion time. Thus the student has a study right of 4 years in total but the present Agreement covers only the targeted completion time. After that the Student must cover the participation costs, including the tuition fee, him/herself.
9. If the Student's residence permit or citizenship status changes during the two year Programme and thus makes him/her ineligible for the grant according to article 5 the Student is required to provide the Programme coordinator with a proof of the new status. The consequent changes to the payments of the scholarship will be made immediately when the change is registered at the University of Turku Student Register retrospectively from the date of the residence permit decision. If the Student graduates before the actual ending of the Programme, e.g. in three semesters, remaining payments of the scholarship is terminated as the Student graduates.

**Article 11: Applicable law and competent court**

Any dispute arising out of the application or interpretation of this agreement shall be settled in accordance with the Finnish law in the District Court of Varsinais-Suomi (Turku, Finland).

**Article 12: Limitation of liability**

The University of Turku is not responsible for any indirect or consequential loss or damages.
