Resource Person Detail

The Resource Person for the hybrid mode International seminar on “Beat Plastic Pollution on The Occasion of World Environment Day Celebration” was the alumni of this institute, **Dr. Ebenezer Samuel**, Projects Manager, AAW Consulting Engineers, Abu Dhabi. It was registered in UNEP 2023. The Event was organized on 05.06.2023. The Resource Person has delivered a detailed presentation on the following topics:

- Environmental Pollution and Remediation
- Environmental issues Problems and Solutions
- Climate Change and Global Warming
- Waste Water Treatment
- Green Chemical Technology

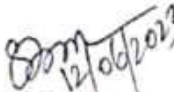

Course Details

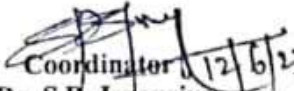

The session has begun at 9:00 AM and with the welcome address and about the programme by **Dr. R. Thenmozhi**, Head & Professor of Civil Engineering. After the welcome address, the resource person **Dr. Ebenezer Samuel**, Projects Manager, AAW Consulting Engineers, Abu Dhabi has presented a lecture on “**Environmental Sustainability in Construction and Civil Engineering**”, emphasising the challenges and steps to be taken to mitigate pollution and sustainability in order to protect the environment.

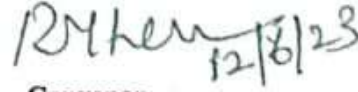

During the event, Special talks were delivered by the programme Co-ordinators **Dr. S.P. Jeyapriya** on the topic “**Climate change and global warming**” and **Dr. M. Rama** on the topic “**Plastic pollution: Effects and Treatment processes**”. Around 19 batches of students have presented posters in various sub themes of the programme.

Students Details

The total 85 number of Full Time M. E. Structural, Geotechnical and Environmental Engineering students attended the webinar out of which 29 were Structural Engineering students, 28 were Geotechnical Engineering students and the remaining 28 were Environmental Engineering students.

BEAT PLASTIC POLLUTION

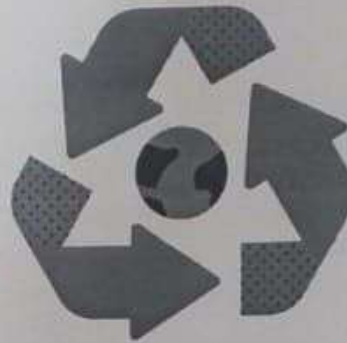

On the occasion of World Environment Day Celebration

Background:

June 5th is celebrated as the "World Environment Day" for awareness about the environment and enhancing the political attention and public action. Every 5th of June is declared as World Environment Day by United Nations Environment Programme (UNEP). The United Nations General Assembly first declared 5th June as World environment day in 1973 and since then this day has been commemorated and celebrated all over the world dedicating to the health and concern of the environment. World Environment Day is used by the United Nations to stimulate worldwide awareness of environmental issues and encourages political and social action to control various environmental issues. World Environment Day is celebrated globally for positive environmental action.

Themes:

- Environment Pollution and Remediation
- Environmental issues : Problems and Solutions
- Climate Change and Global warming
- Waste Water Treatment
- Green Chemical Technology

Resource Person Detail

The Resource Person for online webinar on “World Water Day – Conservation of Surface and Ground water” was Dr. A. Ranganathan, Research Associate (Irrigation), Irrigation Management Training Institute, Tiruchirappalli. The Resource Person has delivered a detailed presentation on the following topics:

- Introduction on World Water Day.
- River Basins in India.
- Practical Examples, Case studies and Quotes.
- Thrust Area.
- Stackholders.
- IMTI- Internship Training etc.

Course Detail

The session has begun sharply at 4:00 P.M with the welcome address and chief guest introduction. The modules covered by the resource person were Importance on World Water day, Practical Examples and Case studies on Conservation of surface and ground water and finally it was addressed about the Internship training in Irrigation Management Training Institute, Tiruchirappalli.

The ultimate aim of a webinar is to cover the "The importance of world water day and Conservation of ground water". He also gave practical examples, Case studies on water conservation. Finally, He explained the Internship training in IMTI, Trichy. Apart from that he focused on the attention of students through asking the questions related to Sources of Water.

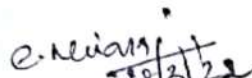

From this session students gain the knowledge on Conservation of surface and ground water. An awesome session was handled by energetic and expert member which kept the students at the edge of a seat throughout the session.

Students Detail

The total number of Full Time B. E. Civil Engineering Finalyear students who attended was 80 out of which 35 were male and the remaining 45 female students.
