## About GCT Coimbatore

Government College of Technology, Coimbatore formerly known as the Arthur Hope College of Technology was started in July 1945 to give high priority to Technical Education. The institute was renamed as Government College of Technology and affiliated to University of Madras in 1951. The institute offers nine UG and eleven PG programmes with recognized research supervisors to pursue M.S. (by Research) and Ph.D. programmes. The institute was granted full autonomy for all the UG and PG courses from the academic year 1987-88. Each department has well qualified faculty members and excellent infrastructural facilities. The institute received TEQIP funds in Phase I, II and III of MHRD project. The institute is accredited by NAAC with 'A' grade

## About Faculty Development Training Centre

The Faculty Development Training Centre was established in the year of 2019 to provide technical trainings to Engineering and Polytechnic college faculty members by Tamil Nadu State Government. It is equipped with sophisticated smart class rooms and tutorial rooms. It provides boarding and lodging facilities to resource persons and participants during the training programme. The programmes are organized to enhance the teaching skills of faculty members.

## About TCE

## About the Department Mechatronics and FDP

### **Vision:**

'Be a globally renowned school of engineering in mechatronics'.

### **Mission:**

As a department, we are committed to

- Develop ethical and competent engineers by synergizing world class teaching, learning and research.
- Establish state-of-art laboratories and to provide consultancy services to fulfill the expectations of industry and needs of the society.
- Inculcate entrepreneurial qualities for creating, developing and managing global engineering ventures.
- Motivate the students to pursue higher studies and research.

At present, the industries are focusing on Digital Technologies, which will pave a way for Machine learning based predictions and operations in industries. The proposed course provides adequate theoretical knowledge and hands on practice in the field of Industry 4.0 with compatible Automation Technologies and Intelligent Robotics Systems. The Faculty development program will ensure to connect the areas in Industry 4.0 compatible CNC drives, Intelligent robotic systems, Realization of E-factory, and Open core Technologies.
