

GREEN CLUB

GOVERNMENT COLLEGE OF TECHNOLOGY, COIMBATORE-13

ACTIVITY REPORT

Green club is initiated with the view of promoting research and development in green engineering concepts and energy conservation activities in and around the campus in the year 2013. The club has also stepped in creating awareness among the students by turning them technically sound on new and renewable energies.

Present faculty incharge Prof S.Murugan Asso.PCE, and there are totally 200 students members in the club.

ACADEMIC YEAR 2013

Received “GREEN CAMPUS OF THE YEAR-2013” award from Dr.Rangasamy , Chief

Minister of Pondicherry on April 4th 2013 for the measures taken on environmental activities.

Some of projects done by our students through Green Club

1. Alternative product for wood
2. Solar pocket cell phone charger
3. Automated solarcooker
4. Reducing E-wastage in the campus

Enrolled in ”TECHFEST CHALLENGE” organized by IIT-Bombay-2013 and placed 5th position in State level and 31st position in National level by participating in environmental problem solving tasks and organizing various awareness campaigns and competitions.

Organised a National level Technical Symposium named “PRAKRITI” ,in the campus for Inter college students on “GREEN TECHNOLOGIES AND SUSTAINABILITY” concept and “SAPLINGS”, an Inter school event involving Science

fair, environmental quiz ,sketching etc., The event glorified starting with Chief Guest address by Dr.P.Sellamuthu , Director General, Indian Institute of Energy Management, Chennai and

Industrial guest lectures from Omega and Equatech which had an entry of over 750 college participants and 500 school participants.

ACADEMIC YEAR 2014

Organised a National Level Symposium , PRAKRITI based on the theme SUSTAINABLE GREEN CAMPUS EVENT. It was recognized by India Book of Records

ACADEMIC YEAR 2015

Organised a National Level Symposium, PRAKRITI based on the theme ZERO PAPER EVENT

ACADEMIC YEAR 2016

Organised a National level symposium-PRAKRITI bearing the motto “A No Zero Wastage Event” .Fun filled events motivating greener world and a workshop on “New Innovations for Sustainable event” by Dr.H.N.Chanakya.

Initiated a GREEN FARM to preserve nature opposite to the first year boys hostel in GCT.

ACADEMIC YEAR 2017

Conducted a National level symposium “PRAKRITI-A ZERO PLASTIC EVENT“ for the school and college students.

Organised a photography event “NATURA-GRAPHY” to promote the nature’s Divinity and to make everyone realize the Role of Engineers in the polluted environment on this special day “EARTHDAY”.

On behalf of the WORLD POPULATION DAY , GREEN GLUB organised TREE PLANTING DRIVE in which pupil of GCT planted trees in five different plants around the campus. Chief Guest of this event was Piyush Manush, an environmental activist.

AC
AN

SEGREGATION .

Initiated a social activism project ,“FOOD CONSERVATION ACT” for preventing the waste of excess food in GCT mess and provided the food to the needy people.

WASTE MANAGEMENT IS GETTING DIFFICULT

Contaminated with Medical waste is used.

The officials were required to visit medical waste plants as the output reached 240 metric tonnes per day.

There has been no evidence to human contact of waste the transmission of the virus.

Waste recycling centers have resumed their activities over the fear of contamination in the recycling areas

(ROUND 1):

WHAT??

Water scarcity is the lack of freshwater resources to satisfy water demand.

- It affects every continent and was categorized in 2019 by the World Economic Forum as one of the largest global risks with respect to its potential impact over the next decade.
- One-third of the global population (2 billion people) live under situations of severe water scarcity at least one month of the year.
- Half a billion people in the world affected by severe water scarcity all year round.
- Half of the world's largest cities have been facing water scarcity.

Deforestation increases the temperature and pollution level and Ground water level also gets lowered.

Deforestation disturbs the balance in nature.
